Sabbath School Convention Pledges Anew Support Of Prohibition

Sunday School Workers Pledge Prohibition Aid

Lawrence County Delegates Pledge Anew Support For Prohibition

CONVENTION OPENS DURING MORNING

Program Continues Through Tonight—Elect Officers This Afternoon

At the session of the Lawrence County Sabbath School Association this afternoon in the cathedral, the county organization emphatically placed itself on record as against all efforts to nulify prohibition, and pledged wholehearted support to the enforcement officers in this community

Likewise, the organization scored the methods used in the Literary Digest wet and dry poll printed recently, decried efforts being made to commercialize the Sabbath, approved efforts at disarmament, took a stand for better censorship of moving picture examples and declared anew that there would be no compromise in the battle against the liquor traffic in the nation.

The 92nd annual convention of the Lawrence County Sabbath School Association opened with enthusiasm this morning in the Cathedral with over 200 workers of the county in attendance. All through the morning

PA NEWC OBSERVES

Saturday is the first day of summer and the longest day of the year.

A big outdoor picnic in the form of a testimonial for Postmaster George Gosser, who retires as head of the Pittsburgh post office this month, will occur at Slippery Rock Saturday under the auspices of the Postmasters Association of Western Pennsylvania. Officials and a delegation of employes will represent the local office.

Pa Newc notices some have not removed their flags since they were raised for the Grand Army encampment here last week. The flags should not be allowed to blow in the breeze become tattered and ragged like a few have become. It's better to take them down.

Kiwanis, Rotary and Lions International are holding their annual conventions either early next month or a few weeks later. Delegates from here will represent the local branches of each. Kiwanis will gather in Atlantic City; the Rotarians in Chicago, while the Lions will travel all the way to Denver.

Autoists who chanced to be in New Wilmington last night report that they thought a fire was in progress, but on investigation found that the new fire engine placed in service in the town was being tested out, and that there was no fire

The picturesque stone bridge across Big Run at Cascade Park is gone forever. It has been swollowed up by the much larger concrete bridge erected when the road was widened and elevated.

Admiral Byrd is being welcomed back home to New York today after two years in the Antarctic. Pa Newc chanced to be in New York two years ago, and saw Admiral Byrd leave the harbor at New York in his vessel, the

Mysterious Ailment Takes Fourth Child In Chicago Family

(International News Service)

CHICAGO, June 19.—Post-mortem examinations were ordered today in an effort to trace the mysterious malady which has taken the life of the fourth of the five stricken children of Benjamin McKittrick.

Medical scientists were unable to account for the mysterious illness which has wiped out half of the McKittrick family. Donald, 3, was the latest to succum. Kenneth, 8, was still fighting for his life. Raymond, 2; Elelyn, 5; and Paul, 10, had died previously.

Physicians in charge of the case were convinced that poisoning from some bacterial organism is the cause of the children's death, but the source could not be traced. A germ which the physicans believe may be responsible has been isolated. The infaction is thought to have originated in the nose and throat and spreading, destroyed the red corpuscles of the blood.

King Carol Desires To Run Country On Business Like Basis

Newest Monarch In Europe Would Run Roumania Like American Business Man

Grants First Exclusive Interview Since Return To Throne So Long Denied

BUCHAREST, June 19.—King Carol II of Roumania, Europe's newest and most colorful monarch, wants to run his country the way an American industrial magnate runs his business.

In an exclusive interview with International News Service today, the new king outlined in detail his aims and ideals. Sitting behind his huge desk, Carol revealed his desire is to put kingship and politics on a "purely business basis."

It was the first interview Carol had granted to an individual correspondent since his dramatic flight from exile in France and seizure of the throne from his son, Crown Prince Michael.

King Carol received this correspondent in a tiny room on the second floor of the royal palace. A gigantic walnut desk took up almost all the available floor space, and the four walls were lined with filled bookshelves that reached from floor to ceiling.

Military Uniform.

The massive desk was littered with documents, papers and books of all descriptions. Carol, looking older and more serious than in his exile days at his "love chateau" at Belleme, near Paris, was dressed in a beautifully-tailored white duck military uniform.

Gold epaulets and buttons furnished the only contrast to the flat white of his uniform. He greeted this correspondent cordially. There was no pompous "majesty" in his manner, and as he warmed to the conversation he leaned forward in his chair and gesticulated with his hands.

The king's first words were almost apologetic.

"This," he said, signifying the tiny room with a sweep of his arm, "is my office."

Must Economize.

"My conception of a king's job," he declared when the simple ceremony of introduction was finished, "is to sit down at a table with poli-

East Side Business Places Are Entered

Robbers Get Plenty Of Cigarets And Other Kinds Of Loot

Robberies were reported today to the police as having occurred in two East Side places of business during the night.

The East Side Service Station, 718 East Washington street, was entered during the night by forcing open a rear window. Twenty-five cartoons of cigarettes of various kinds were taken. Nothing else of value was found missing.

The Lutz Barbershop, Beckford and East Washington streets, was entered by forcing a window. A pair of clippers and a bottle of hair tonic were taken at this place.

Investigation of the robberies was made this morning by Detective John Young and Officer U. G. Harper.

New York City Police Baffled By Maniac Killer

Letter To New York Journal Says Third Victim Has Been Killed By Maniac

OFFICERS FAIL TO FIND BODY

Traps Are Laid For Slayer But He Eludes Them—Two Men Have Been Slain

(International News Service)

NEW YORK, June 19.—New York's maniac "lover lane" killer claimed he had taken his third victim in a letter to the New York Journal today.

"X—The man behind the gun," who in previous letters told of first two murders, one before the victim's body was found by police, this morning informed the newspaper he had taken another life and named the man he had shot and the scene of the crime.

Written in ink on purple paper, the Journal today received this letter:

"Where is X8 2-9? He is already dead. He is on the Boston road. His name in Harold Bridenbach. Find the woman, old man and you've got me."

The death sign, an inverted V and "3X," which was signed to previous letters to the Journal revealing the petting lane murders of Joseph Mozynski and Noel Sowley, was at the bottom of the paper. Detectives and police were dispatched to search the Boston road for the body of the reported third victim of the maniac.

At the same time hundreds of police searched near College Point, Long Island, where the mad slayer had informed the newspaper he would kill a man last night. Without success search was made for the slayer and his supposed College Point victim.

Heavy fog this morning hampered the efforts of officers searching the Boston road for the body of the man the maniac wrote the Journal he had slain in this third death as he sought the return of "mysterious missing papers."

Officers Baffled

There was some confusion among the searching police today as to whether the latest letter of the maniac referred to the Boston Post road, into which the Boston road runs, from 163rd street at Third avenue, or the Boston road further out from New York. A search was first conducted along the Boston Post road.

Previously in his letters the killer had not mentioned Harold Bridenbach, claimed to be his latest victim. Catherine May, who was with the

Many Of Chicago Police Will Lose Jobs In Shakeup

New Acting Police Commissioner Will Rid City Of Grafting Officers

MANY INDICTMENTS WILL BE RETURNED

Mayor Thompson Gives City Council And Service Commission Full Authority

(International News Service)

CHICAGO, June 19.—Given unlimited authority by Mayor William Hale Thompson, the city council and the civil service commission, Acting Police Commissioner John Alcock today indicated that wholesale indictments and dismissals of police officers will begin at once in the war to unseat gangsters control.

In addition to Alcock's task of ridding the city of gangsters and gunmen, the "iron man" of the police department has undertaken the task of removing from the police department crooks who, he declares, have entrenched themselves in its ranks.

The new commissioner intimated that there would be many indictments and trials in the campaign, and his assertion has caused noticeable consternation in police ranks.

Specifically, Alcock is known to

City's Millions Turn Out To Greet Conqueror Of South Pole

TONS OF TICKER TAPE ARE SHOWERED

Bands Play, People Shout, And Adventurer Is Almost Overwhelmed

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, June 19.—Rear Admiral Richard E. Byrd, conqueror of the South Pole, came back to New York today after nearly two years of exploration at "the bottom of the world" and was acclaimed by the city's millions with a fervor and wholesouled enthusiasm that almost overwhelmed him.

People roared their "Welcome Home" from the crowded streets; from flag-bedecked skyscrapers; from elevated stations; from vessels in the barbor and from every conceivable vantage point. As Byrd, attired in his immaculately white naval officer's uniform, was paraded up Broadway to City Hall, his mother, Mrs. Eleanor Bolling Byrd, at his side; bands played, the din increased and tons of ticker-tape and bits of paper were sent swirling out of the windows of the tall buildings.

Pompous Celebration.

It was one of the most pompous receptions ever accorded to a returning hero, and was reminiscent of the great welcome accorded Colonel Charles A. Lindbergh when he returned after his epic flight to Paris three years ago. It was the third time Father Knickerbocker had extended to this daring adventurer the mythical keyes of the city, the other occasions being after his flight over the North Pole, and after his trans-Atlantic air argosy with Balchen, Acosta and Noville.

Byrd was almost overwhelmed by the warmth of the reception. His mother at his side, he was paraded in triumph up Broadway to city hall to receive the official greeting from Mayor James J. Walker.

"The happiest momment of my life," said Mrs. Byrd, his gray-haired mother, striving to keep the tears from welling in her eyes. Again and again she buried her face in the huge bauquet of flowers she carried.

The din was terrific, the bands played, the sirens of harbor vessels shrieked, guns on Governors Island boomed their salute and the multitude, massed in lower Broadway and environs, roared their admiration.

Johnson Found Guilty Of First Degree Murder

Jury Recommends Life Imprisonment After Deliberating For About 9 Hours

JOHNSON COOL AS VERDICT IS READ

"Guilty of murder in the first degree, with life imprisonment," was the verdict of the jury in the case of Huston Johnson, who has been on trial before Judge James A. Chambers for the murder of Charles McMurray.

The jury retired about noon yesterday after arguments by Joseph McFate for the defense and District Attorney John Powers for the commonwealth. Judge Chambers, in delivering his charge, reviewed the evidence on both sides and explained the law applicable to the case.

It was shortly after nine o'clock last night when it was announced that a verdict had been reached. Judge Chambers and attorneys were summoned and Johnson was brought from the county jail.

Prothonotary R. M. Campbell polled the jury, each juror declaring the verdict which had been reached Johnson, who has manifested very little concern while the case was being tried, appeared to be unaffected by the verdict.

It is understood that about two-thirds of the jury was in favor of the verdict as rendered shortly after retiring to the jury room, but the others wanted a verdict with the death penalty. The latter finally came over to the side of the majority.

Charles McMuuray was stabbed to death on the night of April 26th, the wound which caused his death entering his heart. Johnson maintained that the blows were struck in self-defense.

NEW BRIGHTON BOY IS SOUGHT HERE

Police of this city were last night asked by the state police officers stationed at New Brighton, to help locate Clarence Lyttle, aged 17, missing from his home there. He is described as weighting 110 pounds, being five feet four inches in height, light brown hair and wearing a white shirt, light pants and Black shoes. Officer Carl Lockhard made the investigation following the call.

Three Persons Bitten By Dogs

Attacks By Dogs Occur In Three Different Parts Of City

An epidemic of people being bitten by dogs was reported to the police on Wednesday. Three specific instances of people being bitten by dogs were reported and in three different sections of the city. Owners of the dogs have been notified to keep them tied up for a period of ten days and pending the outcome of the injuries of the persons bitten.

Florence Yocobel, aged 18, Division st. reported that while passing through the yard of Mrs. Aemlia Fabian 820 S. Mercer street, that she clapped her hands at a dog chained there. The dog became excited, broke the chain to which it was attached and ran at and bit her on the leg. Four stitches were required to sew up the wound. The owner has been notified by the police to keep the dog tied up.

Mrs. Geo. E. Stoddard of 806 Wilmington avenue, reported that her daughter Jane had been bitten on the leg by a stray dog. An officer was detailed but was unable to locate the dog.

J. W. Rupert, 908 Marshall avenue, reported that his son had been bitten on the leg by the dog of J. V Bowman of 935 Winslow avenue. The owner of the dog has been notified by the police to keep it tied up.

POLICE INVESTIGATE ALLEGED LOTTERY

Complaint was made to the police last night that a man named John Saad, rear 20 East Reynolds street, was selling lottery tickets.

Detective C. G. Logan and Officer Robert Dukes were ordered to investigate and ordered him and George Alex of 445 East Long avenue, in before the mayor today. The men appeared today and claimed to be selling chances. They were permitted to go after being given a lecture by mayor.

Two long weeks of a hospital bed, two weeks of nurses and docs, and downy beds that seem somehow to get like a bouquet of rocks. Two long weeks so they seemed to be, with hours that dawdled away, but the hospital life is over at last, and she's going back home today. They carved and they cut and they stitched quite a bit, with thread that was made out of silk, and for food they just gave a dribble of this and of that, and a small glass of milk. But that is all over, she's going back home, she's done with her surgical date, and the doc says she's better than ever she was, the weather is seventy-eight.

Jameson Nurses Complete Plans For Graduation

Commencement Exercises Will Be Held In Highland U. P. Church Friday Evening

CLASS OF ELEVEN TO GET DIPLOMAS

Hon. Fred L. Rentz, President Of Board, Will Be Chairman Of Program

Arrangements have been completed for the annual graduation exercises of the Nurses Training school of the Jameson Memorial hospital, which will be held Friday evening, at 8:15 in the Highland U. P. church.

A class of eleven one of the largest in the history of the hospital, will receive their diplomas during the program, which will be presided over by Hon. Fred L. Rentz, president of the Board of trustees of the hospital.

The principal address of the evening will be delivered by Miss Thrysa Amos, dean of women of the University of Pittsburgh, who will speak on "The Necessity for Being an Interesting Person."

Supervisors of the hospital, members of the alumnae of the hospital, and the student nurses of the institution will take part in the processional, in addition to the graduating class and will have a section reserved for them in the church.

It is expected that the exercises will be largely attended by friends and relatives of the class, in addition to many others interested in the hospital, the public being cordially invited to attend.

An interesting program has been prepared for the occasion, including organ numbers by Miss Lillian Sarver, organist of the Highland U. P. church and violin numbers by Elsa Von Moltke Emery, accompanied by Miss Leta Johns at the piano.

Civic groups and the clergy awaited with interest today the opening of the top-to-bottom investigation of the police department and the asserted alliance of a part of the department with the secret gang government. The city council yesterday adopted the resolution calling for the probe.

The gangland murder of Alfred J. Lingle, Chicago Tribune reporter, will be one phase of the inquiry because of the belief expressed at yesterday's council meeting that the slaying of Lingle is linked with both the police scandal and the gang domination of the city which resulted in a wave of wholesale killings which was climaxed by Lingle's death.

Rights Destroyed

In a second resolution adopted by the city council yesterday such crimes as the murder of Lingle and the gang assassinatons in general were attributed to prohibition. The resolution called for a memorial to congress to provide for a national referendum on prohibition. The resolution read:

"The prohibition act has undermined respect for authority, demoralized the people and destroyed constitutional rights."

Gun Duel Is Fatal To Two Men, Were Friends Long Time

Johnsonburg Men Life-Long Friends, Quarrel, Settle It With Guns

(International News Service)

RIDGWAY, Pa., June 19—Friends for years but separated recently by a quarrel of unknown cause, John Nearing and Arthur Dill of Johnsonburg, near here, joined each other in death today.

Nearing was killed almost instantly last night by a shot fired by Dill. The latter died today in a hospital here.

The gun battle ocurred in Nearing's shack on the flats near Johnsonburg last night. Dill approached the shack with a shot gun, according to Robert Haley, an eye witness, and both men began shooting when Nearing flung the door open.

Nearing, armed with a revolver, fired only twice when he was killed by a charge from Dill's shotgun.

Dill was rushed to the hospital with a bullet in his head and another in his body. He died five hours later.

Acquaintances of both men told police their friendship had ripened through the years but that some unknown difficulty arose recently between Nearing and Dill, cooling that friendship and replacing it with dislike.

An investigation is under way and a coroner's inquest was to be held this afternoon.

"That is the best way a king can aid his country.

"I have a horror of red tape. You in America have made 'efficiency' your watchword. I want the same word to be the slogan of Roumania."

Carol laid his hand on a pile of papers and books on his desk.

"Since my return," he continued, "I have spent more than 15 hours daily at this desk trying to find out how best to economize in time, money and effort.

Business Principle.

"That is the way the American businessman works, and my ambition is to run Roumania on a business principle.

"We all look toward America's business efficiency, and although I must say I haven't the least intention of 'Americanizing' my country, I am convinced that many of your customs, methods and habits would greatly benefit Roumania."

King Carol said he wanted as many Roumanians as possible to go to America for education and broadening.

"I visited the United States in 1921," the monarch recalled, "and at the time investigated several colleges and universities. I found them excellent.

Tech Man on Staff.

"Already I have a Carnegie Tech man on my efficiency staff, as well as several agricultural engineers from American universities."

At the conclusion of the interview King Carol was asked whether it might be hoped that he soon would visit America.

The king rose and offered his hand. "Nothing would give more pleasure," he said. "I promise to find the first available opportunity to do so.

"But," he concluded, "as you say in America: 'I've got a big job on my hands right now.'"

Scouts Set For Camporee Event

Patrols Of County Troops Compete At Camp On Friday And Saturday

WINNERS TO ENTER VIRGINIA CONTEST

Scout patrols of Lawrence county will assemble at Camp John M. Phillips, Boy Scout Camp situated along the picturesque Slippery Rock, to participate in the annual county Boy Scout camporee on Friday afternoon and Saturday morning.

During the camporee program, numerous patrols will compete for first place honors offered to the group that sets up tents and performs other camp duties with the greatest skill. Performance and ability to do the work, and the knowledge of how the work is done are factors considered by the judges who watch the boys, and then select the winners.

The boys compete against a perfect score of 1,000 points, and are rated for their work. To the patrol which accumulates the greatest number will go the distinction of representing the county at large at the Regional Three camporee at Natural Bridge, Va., next week. It will open the 27th and continue to the 29th.

If a patrol manages to win a total of 850 points scout headquarters will confer upon the rank of a standard patrol, which all scouts desire theirs to be.

The exercises will occur on the Camp Phillips grounds, starting promptly at 4 o'clock Friday afternoon, eastern standard time.

Patrols should have their representatives present before that hour.

On one end of the business street in a little town was a small machine shop. Opposite to it, on the other side of the street, was a grocery store.

The afternoon was a warm one in summer, and the doors of both the shop and the store were open.

Suddenly a flywheel came off a small machine in the shop, flew through the open door, sailed across the street into the grocery store, and struck and severely injured a woman customer standing at the counter there.

When she recovered she filed suit against the machine shop owner for damages.

STAR LORE

HOW WOULD THE SUN COMPARE?

By Arthur DeV. Carpenter

If ou sun and ahe more prominent stars were all placed at the same distance from the earth—say 10 parsecs (32:58 light years)—it would be a revelation to most people as to the degree of brightness our sun would radiate in camparison with the other stars. Rigel in constellation Orion would outshine the sun 18,000 times; Deneb in the tail of Cygnus (the Swan) would come next, 10,000 times brighter; Sirius, apparently the brightest star in the sky, would be but 26 times brighter; while Aldebaran would be 90 times, and Arcturus 100 times brighter than the sun. At 10 parsecs the sun would be invisible to the naked eye.

Five Murderers Refused Clemency By Pardon Board

Five Murderers Must Die In Electric Chair; Clemency Moves Unsuccessful

(International News Service)

HARRISBURG, June 19.— The State Board of Pardons today announced refusal of five pleas for commutation of the death sentence. Arguments in the cases were heard at this week's session of the board.

The five murderers whom the board refused to save from the electric chair are—:

John Pierce, 31, Delaware county Negro who is sentenced to be electrocuted next Monday for the killing of a policeman.

Frank Tauza, 45, Luzerne, who also killed a policeman, Henry Sled, 30, and Martin Avery, 19, Pittsburgh Negroes who killed Edward J. Kretz in the holdup of a drugstore. The three are sentenced to be electrocuted June 30.

James Flori, 25, Philadelphia gangster who shot and killed Pasquale Livoy. In a previous exchange of shots Livoy shot and seriously wounded Flori. He will be electrocuted on July 7.

During the hearing of the cases members of the board frequently indicated that they considered all the cases as diliberate, cold blooded killing with few elements which required the extension of commutation.

CHICAGO, Ill., June 19—The Illinois Manufacturers' Association is considering the public edification plans of Julius Rosenwald here.

Rosenwald recently explained to the Association that he contemplated operating the Rosenwald Industrial Museum with the intention of allowing the public to observe just how the various machinery worked. To do this, all the contraptions would be permitted to run continually.

Gaston Sunday School Reunion

Many Charter Members Of The Famous School In Attendance

Annual reunion of former members of the Gaston Sunday school with members of the Gaston public school also among the guests of the occasion, was an event of Wednesday at Gaston Park and proved a most enjoyable occasion, in spite of the unfavorable weather conditions.

There were seventy-five in attendance, including many persons from a distance, who had come back for the event and the affair was made all the more enjoyable by the friendships renewed and the memories of former days that were brought forward during the gathering.

In attendance at the event were quite a number of charter members of the school, also ten persons who had attended the first picnic held by the school in June 1879 following the organization of the Sunday school, which event was held in what was known as Wright's Woods.

Featuring the picnic dinner and centerpiece of the picnic tables was an immense cake, the gift of Mrs. Anna McGurk, a former teacher in Gaston public school. It was divided among those present.

Officers elected for the ensuing year were:—President, Mrs. Howard Magill; vice-president, Tad Kirker; secretary, Miss Laura Blucher; treasurer, Mrs. Mary Caldwell. Mrs. Howard Magill was re-elected as president due to her wonderful work in behalf of the reunion association.

It was decided that the next annual reunion should be held the second Wednesday of June 1931, at a place to be decided upon and announced later by the officers.

The chairmen of the various committees of the highly successful event were: Picnic Dinner, Mrs. Anna Cowmeadow; Program, Mrs. Mary Caldwell; Reception, Mrs. Scott Hamilton.

Program of the afternoon included a number of talks of a very interesting character and the singing of old hymns.

Charter members of the Sunday school in attendance were: Mrs. Chas. Alborn, Miss Edith Morrow, Mrs. Margaret Reno, Mrs. Ida Yoho, Mrs. Lyda McConahy, Mrs. Mary Caldwell, Mrs. Maud Davis, Mrs. Scott Hamilton, Jere Blucher, Hugh Jameson, Tad Kirker, Mrs. Tad Kirker, Lee Cooper and Mrs. J. Lee Cooper and Miss Annetta Butler.

It is planned to try and have an even larger number of the former members of the Gaston Sunday school present next year.

Famous "Lone Grave" To Become Memorial

Dr. Hugh Thompson Kerr Of Pittsburgh Will Deliver Sermon At Cathedral

(International News Service)

NEVADA, CITY, Nev., June 19. — In days gone by if you hallowed a "freighter" or stage driver hereabout for directions, he replied:

"Just a right smart ways down the road from the Lone Grave," or "just a piece" or whatever the distance might be; but always from the Lone Grave.

It is one of the most famous landmarks of this country of mountains, gold, Mark Twain and Bret Harte.

It's going to be commemorated with a memorial.

A special committee of the Native Sons of the Golden West today was engaged in devising a monument to mark the Lone Grave, the final resting place, seven miles from here beside the old emigrant trail, of Julius Albert Apperson, who died and was buried May 6, 1858, at the age of 2 years and 2 months, as his pioneer mother and father played their part in subduing a new empire.

The present little headstone was crudely carved by members of the emigrant party.

Leipzig Plans For Bach Festival

(International News Service)

LEIPZIG, June 19— The annual Bach celebration, first instituted by the city of Leipzig in 1927 will this year be held on June 21 and 22.

The program includes cantatas, chamber music, a cembalo concert and the Passion of St. John. The Gewandhaus choral organization, which is the choir of the Thomas church, where Bach was for so many years organist and choir leader, and the municipal orchestra will take part.

Professor Karl Straube, cantor of the Thomas church, will conduct Bach's own cembalo, the primitive form of the present grand piano, is in the collection of musical instruments of the State Academy in Berlin.

Deaf And Dumb Athletes To Compete

(International News Service)

MOSCOW, June 19—A "spartaciad" as national track and field meets are called in Russia, of deaf and dumb athletes will be held in Moscow in June. More than 1,000 youths and girls from all the special schools in the country will compete. A delegation is coming from Germany.

The festival will combine physical with mental exercises. A program of music, movies and theatre performances will be arranged to keep the delegates busy in the evenings.

Such an immense volume of water pours through the mouth of the Amazon that unlike other rivers the sea for 50 miles off the northeast coast of South America, where it has its mouth, is fresh instead of salt.

Deaths of the Day

John B. Patterson

John B. Patterson, aged 54, of Akron, O., died at 3:10 p. m. Wednesday in the Akron hospital following an operation which he underwent two weeks ago.

Before leaving New Castle six years ago for Akron, Mr. Patterson had been connected with the Pennsylvania Railroad Company in the capacity of trainmaster and was in the same position at Akron after leaving here.

After serving the Pennsylvania for about 40 years Mr. Patterson resigned and engaged in private business.

Patterson, of Wampum; three brothers, Cyrus E., of this city, William W., of North Beaver township, and Dale B., of Wampum; two sisters, Mrs. Allen Naugel of Wampum and Mrs. W. C. Meachem of this city, and a number of cousins.

The body is being brought to the home of his brother, Cyrus E. Patterson, 1012 Delaware avenue, this city, and funeral services will be held from there Saturday at two p. m., D. S. T., with interment made in Graceland cemetery.

James M. Nelson Funeral.

Funeral services for James Milton Nelson were held at the family residence, Crawford avenue, Wednesday afternoon with Rev. A. J. Randles officiating.

Pallbearers were Henry Nelson, John Nelson, John A. Jordan, T. C. Lentze, Newton Nelson and Joseph Jordan. Interment was made in Plaingrove cemetery.

NEW YORK CITY POLICE BAFFLED BY MANIAC KILLER

(Continued From Page One)

maniac's first victim when he was shot in a parked automobile, and Betty Ring, who sat beside Sowley in a car when he was shot to death, were to be questioned as to whether they know Bridenbach.

During the night, while an army of police beat about through darkened streets in College Point, there was a mystery explosion in the little Long Island town which had not been solved today. It threw the already terrorized resident into a near panic. The explosion, police said, was heard by dozens of detectives, many of whom dressed as women, were sitting with male companions in parked cars in an effort to lure the maniac from hiding.

Two men were taken into custody as suspects but after they were questioned were released.

Takes No Chance

PHILADELPHIA, June 19.— John Moscgynski of Port Richmond, Pa., threatened with death by New York's manical slayer, is living in a virtual state of siege today. He has converted his home into a fortress and, while no special instructions have been issued police, there are keeping a close watch for any suspicious characters.

Moszczynski said today he has no knowledge of any "International Secret Society," and professes ignorance of the code in which the killer's letter was, in part, written. He added that so far as he knows, he has no enemies, but is taking no chances.

By DAVID P. SENTNER
International News Service Staff Correspondent

NEW YORK, June 19.—The massacre maniac apologized today for not committing his third murder as advertised.

In a letter flavored with symbols and code, the madman who has already killed two men, explained that the man marked for death in college point at nine o'clock last night, had saved his life by returning one of the 'missing papers" and $37,000 in blackmail money.

The action of the almost-doomed victim, wrote the madman, also saved five others including a tall blonde woman.

But the brain-cracked correspondent took occasion to give a final warning to seven other persons slated to die by his hand.

The letter was sent to the New York Evening Journal and was declared by handwriting experts to be in the same handwriting as other letters sent by the maniac. A previous missive, purporting to come from the madman in which he said he had killed a man on the Boston Post Road last night, was termed as counterfeit after closer examination by the handwriting experts.

In the murder apology missive from the maniac, he listed the newly marked persons for death in code as follows: X 14, X 21, Y 2, O6, X 7, S 1, V 4.

The only way they may continue to live is to follow the directions in this code message:

N. J. - C. C. K. - 2 33 - A. V.- 3X-R. G. 4 M. L. T. - R P 49 - 6.

The New York police department, which threw its full man power into an all night and futile search for the gun-prowler, today took the cabalistic messages in the madman's letters seriously.

Code experts in Washington and Chicago, who have worked on war enemy code messages, have been hired to decipher the jargon, if possible.

The latest letter from the massacre maniac reads:

"Dear sir: I beg to thank you for publishing the code message sent you. QNW. R. XVG of C. P. (College Point) has returned the Pheladelphia XV 340 to me tonight—also 37,000 dollars of blackmail money, thanks to god, if I may use his name."

The killer than listed in code their names, one of which was deciphered as meaning a police detective.

McFATE-WALLACE WEDDING NUPTIALS

A pretty home wedding was solemnized at high noon on Wednesday, June 18th when Miss Grace McFate, daughter of Mr. and Mrs. Robert J. McFate of Fairmont avenue became the bride of Harold G. Wallace, son of Mrs. William A. Wallace of North Beaver Township.

The ceremony was performed in the presence of their families and a few intimate friends, with the Rev. C. J. Williamson, pastor of the Highland United Presbyterian church officiating with the ring service.

The bride was attractive in a gown of egg-shell chiffon and carried an arm bouquet of ophelia roses and valley lillies. The only attendant was the bride's niece, little Eileen McFate, who acted as flower girl. Preceding the ceremony the wedding march was played by Miss Margaret Duff.

Later, a wedding dinner was served the brides table being prettily arranged with a large cake guarded by four tall tapers. Tones of pink and white were used throughout in the appointments.

Out of town guests present were: Dr. and Mrs. E. L. Hannon of Cleveland, O., Mrs. Jennie McCoy of Grove City, Miss Florence Cochran of Oil City, Miss Nellie Milligan of Youngstown, O., and Miss Lois Bell of New Wilmington.

After an Eastern wedding trip Mr. and Mrs. Wallace will take up their home in North Beaver Township.

E. O. T. Club News

The regular meeting of the E. O. T. Club was held Wednesday evening at Cascade Park when the members enjoyed a picnic dinner served in the grove. Special guests were Mrs. Bloomer and Miss Dorothy Beckwith. The after dinner hours were spent with the various park amusements.

Another event of the same nature will take place at the Park on Wednesday, July 2.

JAMESON GRADUATING CLASS ENTERTAINED

Members of the graduating class of the Jameson Memorial hospital, who will receive their diplomas Friday evening, were guests of the intermediate class at a luncheon and theater party in Youngstown last evening.

Spring flowers formed a beautiful centerpiece for the luncheon table, where a color scheme of pink and white was tastefully carried out. An informal program was carried out at the table, the class history and prophecy being given by Miss Betty Blackford, while Miss Isabel West presented the graduates with souvenirs of the occasion. Remarks were made by Miss Annie E. Grass, director of nurses.

The nurses were chaperoned by Miss Grass and Mrs. Irene Cassella, operating room supervisor.

Those present were as follows:

Class of 1930—Nellie Brothers, Clara Miller, Marietta Dickson, Blanche Brown, Ruth Elizabeth Dean, Alyce Peterman, Evelyn Hope George, Alice Marie Braatz, Erma L. Reed, Virginia Lee Miller and Dorothy Agnes Stevenson.

Class of 1931—Isabel West, Nellie Young, Thelma Brown, Jessie Kildoo Susanna Broadbeck, Freda McConnell and Betty Blackford; Miss Annie E. Grass, director of nurses, and Mrs. Irene Cassella.

Picnic For Guests.

Honoring Mrs. B. R. Thomas of Chicago and Mrs. H. S. Caro of Boston, the 1929 Kensington held a picnic supper at Cascade park Wednesday evening where a delicious supper was served at 7 o'clock in the grove.

The amusements of the park and dancing filled the evening hours and the club will meet again July 3 with Mrs. Frank Boris, Lee avenue.

The annual Lusk-McVey reunion will be held at Millburn Grange Hall on Thursday, June 17.

LEVINE-BALTER WEDDING EVENT

Danceland was the scene of a very pretty wedding, Tuesday evening, when Miss Anna Levine, daughter of Mr. and Mrs. Ellis Levine of East Reynolds street, became the bride of Mr. Edward Balter, son of Mrs. Sarah Balter of New Brighton, Pa.

The bride who was gowned in a gown of shimmering white satin, basque effect in the modern manner with uneven hemline, carried bride's roses and valley lilies. Her bridal veil was cap effect.

To the strains of Lohengrin's wedding march played by Miss Florence Weinberg, the bridal procession proceeded to the altar.

Mrs. Sam Balter of Freedom, sister-in-law of the groom was matron of honor, wore a gown of black lace, and carried an arm bouquet of tea roses. Sam Balter served his brother as best man.

The ceremony was performed before an altar beautifully decorated with palms and white roses, under a canopy of red and gold velvet. The Rev. J. Shappon officiated being assisted by Rabbi Shenson.

Following the ceremony, a wedding dinner was served, places marking for 200 guests. At the brides table, was a large wedding cake and crystal holders forming the centerpiece. A reception followed and a period of dancing was later enjoyed.

Mr. and Mrs. Balter left for an extended motor trip to Washington, D. C., Atlantic City, New York and other places of interest. Upon their return, in the early part of July, they will reside with the former's parents for the present.

Guests were present from Louisville, Ky., Norristown, N. J., Pittsburgh, Ambridge, Freedom, New Brighton, Beaver Falls, Ellwood City, Youngstown, Ohio, Warren, Ohio, Chicago, Ill., and Newark, N. J.

SURPRISE SHOWER FOR CLUB MEMBER

The T. Y. C. club members gave a surprise showed on Mrs. Kenneth Boalick of East Lutton street last evening, honoring her first wedding anniversary. The home was beautifully decorated for the occasion with red and white roses. Games of various sorts and music formed entertainment throughout the social hours.

At a suitable time Mrs. Robert Alexander, assisted by Mrs. W. L. Campbell, Miss Margaret Smith and Miss Jennie Rieley, served an appetizing lunch, with novel favors being given to each guest as a memento. Prizes were won by Mrs. Ralph Mitchell, Mrs. L. Houk, Mrs. Ray Smith, Miss Jennie Rieley and W. L. Campbell for stunts indulged in.

At the close of the evening the guest of honor was presented with many lovely gifts.

FRANKLIN COUPLE IS MARRIED HERE

The Mahoning Methodist church parsonage was the scene of a pretty wedding Wednesday at high noon when Miss Olive M. Pyle and Thomas Shuffstall of Franklin, Pa., were united in marriage. Rev. David Daye Sleppy, pastor, officiated with the full Methodist Episcopal ring ceremony.

The bride was beautiful in a gown of white moire silk with accessories to match. She was attended by her sister, Miss Florence Pyle of Franklin, attired in a frock of orchid georgette with picture hat and accessories to match.

James Kistler of Franklin served the groom as best man.

Mrs. Shuffstall is the youngest daughter of Mr. and Mrs. John Pyle of East Grove, Franklin, Pa.

Mr. Shuffstall is a graduate of the Rocky Grove high school and is employed with the Chicago Pneumatic Tool company of Franklin.

Immediately following the ceremony the young couple left on a two weeks motor trip to Philadelphia and other points of interest. Returning they will reside in Franklin. For traveling the bride wore an ensemble of tan silk.

Mrs. John Pyle of Franklin, mother of the bride; Mrs. William Bean of Bradford, a sister; Mrs. E. R. Barney of Battle Creek, Mich., an aunt, and Mrs. David Daye Sleppy witnessed the ceremony.

Rev. Sleppy is a former pastor of the East Grove Methodist church at Franklin, Pa.

Y. O. A. MEMBERS PLAN EVENING PARTY

Mrs. Milton Marshall of North Walnut street delightfully entertained members of the Y. O. A. club in her home Wednesday, when they assembled for their regular meeting. The hours were enjoyable spent informally, with the serving of a tempting lunch by the hostess occurring at a suitable hour. Pastel shades were used in the table appointments with many bouquets of spring flowers being used in decoration throughout the home, presenting a pretty setting.

At this gathering plans were completed for an evening party which will be held at the cottage of Mr. and Mrs. Thomas Perriott at Plaingrove, having their husbands as special guests.

Brest Reunion

The 47th annual reunion of the Brest families occurred on Wednesday, June 18, at Greenville, Pa., at Sunset Grove, with an attendance of 125. JERSEY STAYS WET

WITH the victory of Dwight F. Morrow as the Republican nominee for the United States Senate from New Jersey, the wet advocates have suddenly discovered that it was a smashing victory for the anti-Prohibition forces. That Jersey has suddenly turned in cold fury upon the 18th amendment and statements of similar kidney.

Bosh! Just good old fashioned, unadulterated hooey! Dwight F. Morrow won the New Jersey nomination because he was Dwight F. Morrow and not because he was wet, dry, or a member of Former Pipe Organ Pumpers. He won it because in the past three years he has been showered with the most favorable publicity.

First his work as a banker. Then his splendid work in Mexico as ambassador, and then Colonel Lindbergh enhanced the family's place in the limelight when he married Anne Morrow. His has been a continuous publicity, aided and abetted by Will Rogers and President Hoover.

As for the victory being one for the anti-Prohibition forces, did anyone ever suggest that Jersey was dry? Since the days of Senator Edward Edwards it has been the wettest spot in the entire Union. Small wonder then that Dwight F. Morrow, who suddenly avowed wet tendencies should win.

Dwight F. Morrow is an outstanding character. His attitude on the 18th amendment is not a satisfactory one to those who believe in it, but aside from this he should rank as one of the ablest men in the American House of Lords.

But you can forget that this was a smashing victory for the wets. Had Morrow's name been plain Joe Doaks of Weehawken, his platform wouldn't have carried him to first base.

TAKING CHANCES

Fatal explosions in powder mills and mines, window washers falling to their death, policemen and firemen killed on duty, parachute jumpers who jump once too often, moving picture stunt men victimized by their own daring, explorers who never come back. All these remind us that men are still willing to work at the most hazardous occupations for a livelihood.

An average of eight window washers a year fall to death from New York's sky-scrapers. Yet there appears to be no scarcity of window washers. Although men may be killed at the trade, others are ready to pick up their buckets and brushes. For a small wage they stand on a precarious perch high above the street and gamble with the law of gravity. Painters working under the very eaves of towering buildings, riveters balancing on steel beams at dizzy heights, laborers working under shelving sand pits, or "sand hogs" burrowing through the earth—all making a living in the very jaws of death.

Not all of them do these things for money alone. There are the "human flies," movie stunt men, high divers and parachute jumpers to whom the thrill from thrilling others is the primary consideration. How shall this strange zest for taking chances, which is so much a part of some temperaments, be explained?

BUSINESS PULMOTORS

To the women of the United States the nation may yet have to look for a revival of the good old-fashioned prosperity of 1928. It is only necessary for them to extend to other fields the methods which they have employed so beneficially in the case of the dress industry. That trade, doing a business of $800,000,000 a year, has been lifted from depression to exceptional activity by the new silhouette.

What the swift and decisive replacement of the short skirt by the long skirt has accomplished can be duplicated by a reversal in the matter of diet. If women will agree to eat a little more bread than they have been doing they will help to life the present world-wide agricultural depression. If they will add just a bit to their consumption of sugar and coffee they will bring cheer to half the tropics.

Radical changes in automobile design that would make all former models as antiquated as a congressman's ideas would solve the problems of the automobile industry. Think what would be accomplished for the coat and suit business if masculinity would adopt the bizarre costumes introduced at the tailor's conventions but which never appear in public.

A slim silhouette maketh a lean payroll and a new model car revolutionary in design mortgageth the home, but the boyish figure and unchanging motor designs goeth before a fall in sales.

HE CAN'T UNDERSTAND IT

Another of the Capone boys is going to jail. He is Ralph J., younger brother of the better known Scarface. Ralph was careless about his income tax. He owes the government $300,000, the United States collector claims. Ralph said he was broke, but the government showed he deposited $2,000,000 in two years in a Cicero bank, so his poverty was relative rather than absolute.

Ralph, waiting for the papers that commit him to three years at Leavenworth, is quite low. "I don't understand this at all," he says with apparent sincerity.

It is hard for a Capone to understand that there really is a law and sometimes it works. Scarface, Ralph and their friends and rivals have successfully dodged most of the law most of the time.

The President Signs.
Three Arabs Hanged.
Patting The Baby.
An Old Marriage Custom.

By ARTHUR G. BRISBANE
(Copyright, 1930, King Features Syn., Inc.)

President Hoover signed the tariff bill Tuesday, and now it's law. Secretary Mellon smiled and applauded at the signing. He has large business interests, is a good judge of prosperity and what the tariff will do to us.

You might say to him as bookmakers say to a gentleman betting on a long shot:

"You must know something."

All the growling and tariff wailing and worrying may prove to be unnecessary. We have it and may as well make the best of it.

After all, worse things could happen than compelling American consumers to buy goods produced by American workers and American business men.

The British are slow, but get things done. Tuesday, in Palestine, they hanged three Arabs for rioting last August. News spreads slowly in Palestine, no telegrams or radios in the dwellings of the Arabs.

There may be trouble when it becomes generally known that three were hanged, and funerals celebrated with violent mourning.

Black flags flew from Arab buildings yesterday. At the Jewish Agency, it was said yesterday:

"We hope that it may never be necessary again to execute Arabs for murdering Jews."

When a baby cries hard, mamma picks it up, pats it on the back, and puts it down, and the baby is happier.

Baby Wall Street has been crying hard for a couple of days. Mamma High Finance Tuesday picked it up, patted it on the back and, at the close it was looking happier. Stocks went up from $1 to $8 a share and wheat and cotton went up a little also.

If the baby has only a little stomach ache, patting on the back, plus a hot water bottle, puts everything right.

If anything serious is the matter you need a doctor.

Stomach ache is often caused by overeating. That probably is the trouble with Wall street.

High finance, finding a gigantic appetite for stocks, with twenty millions gambling, provided more stocks than any Wall street baby could digest. The load of hundreds of millions of new shares is lying heavily on the little stomach.

However, it is a marvelous baby, and may pull through.

A solemn German professor, deep in Mohammedan and Jewish marriage lore, says trial marriage is very old.

Mohammed borrowed the idea from the heathen Arabs.

The Talmud tell of Rab, "one of the great early scholars announcing publicly that he sought a wife for the duration of his stay, every time he journeyed to Oarschild."

Persian princes on their travels entered into marriage for a single night. Jochanan, according to the Palestinian Talmud, said, three hundred years before Christ:

"When a man says to a woman, I marry you for thirty days, then is she married to him for thirty days."

You may go a million years farther back than Jochanan, among the monkey tribes or visit the zoological garden today, and you will find the same idea highly developed. It is not what we USED to do, but what we OUGHT to do.

Lloyd George tells MacDonald, prime minister, that he will cooperate with the Labor party in legislation to solve the unemployment problem.

It will be interesting to see what a man as wise as Lloyd George can do to control the law of supply and demand, which seems to rule us all. Hundreds of thousands are idle. Many are insufficiently supplied with goods that the hundreds of thousands could produce. Raw materials are unlimited. Yet the unemployed cannot be brought in contact with the raw materials, and the public need supplied.

Mysterious finance seem to control, and those that control finance understand it as little as its maker understood his Frankenstein monster.

A lady of Westfield, New Jersey, keeps her radio receiver going sixteen hours a day, and writes 1,000 letters a year, telling radio artists how good they are. That seems a little too much radio enthusiasm.

However, it is better than living on the prairie, as thousands of farmers' wives used to do no telephone, rural delivery, radio, talking machine, many of them going crazy from loneliness.

Announcement Of Cold Cure Brings Skepticism And Hope

Importance Of Conquest Of Common Evil Is Attested By Public, But Further Tests Of Germ Treatment Are Demanded

Skepticism accompanied by hope is the first reaction to the announcement from the University of Maryland medical school that the germ of the common cold has been identified and that a serum will give immunity for varying periods of two or three years. The investigator, Dr. J. A. Pfeiffer, is urged to bring forth complete assurance that this universal evil has at last succumbed to science.

"Gratifying," comments the ALBANY EVENING NEWS on the report, as it recalls that "inoculations against colds have been made for several years by physicians, and in some cases they were effective but in others they were not." The News declares that "if the germ has been identified and a serum that will prevent colds has been concocted, then many lives will be saved and one result will be a great economic gain." That paper adds: "We have prevented smallpox and typhoid fever and diphtheria by inoculation. It is reasonable to suppose that colds may also be prevented. A cold not only makes its victim miserable and destroys his efficiency, but it often leads to other diseases."

"From many angles the finding of a cure would be one of the outstanding contributions of a generation," says the PITTSBURGH POST-GAZETTE, with the verdict that if the claim is established by practice, the importance of the discovery to the health of the country can hardly be overemphasized." The Post-Gazette observes that two years have been spent by research workers, as a result of the provision made by the John F. Abel fund of $195,000 under auspices of the Chemical Foundation; and that "student volunteers offered themselves and many many families of Baltimore aided in the compilation of information." That paper concludes that "Dr Pfeiffer's estimate that the common cold costs two billions annually in lost time of employed workers is probably not outside the fact."

"Perhaps the doctor is right—let's hope," remarks the MERIDAN, MISS., STAR, recording that "almost any change in the weather brings the often-recurring cold—sniffles and sniffles; gargling and coughing—unpleasant but not beyond the realm of cure," and concluding: "Heretofore all of us have known the cure for a cold—there isn't any. * * * We hope this cure will work a cure. If not we can go on as before—just make the best of it and suffer the thing through."

The medical title applied to the germ, "micrococcus coryza," is described by the ST. PAUL PIONEER PRESS as "commensurate with its importance." The writer assumes that "the difficulty in combating the 'cold' appeared to be that nobody could think of bad names to call it. The current nomenclature did not adequately express its villainy. People pooh-poohed the idea of being afraid of a cold. But note the ferocious new title. It indicates that the germ means business. * * * Household predecessors of the vaccine have included hot lemonade, parboiled feet, baking soda and, above all, whisky—if you can get it. The germ was long believed to have abhorred strong drink with all the hate of a teetotaler. Tests will reveal whether medical men like the new vaccine any better than hundreds of ther antidotes.'"

"It is too often the case," warns the ST. LOUIS POST-DISPATCH, "that earnest investigators in medicine are honestly misled as to the value of their discoveries, and the public is learning to become skeptical of reported cures until they are subjected to multitudinous tests. We hope such tests will bear out Dr. Pfeiffer's findings, and if they do he will have to be numbered among the world's great benefactors. It is a reasonable assumption that the cold is the most ubiquitous, persistent and annoying human ailment. Even the healthiest persons are subject to it, and among the aged and the frail it is often the precipitating cause of death. To the layman it seems strange that its nature should still be a mystery to medical men, who have made such vast strides in the understanding and conquest of disease. Nevertheless it is so, unless micrococcus coryza proves to be the culprit."

"There are so many ways in which a person having a cold can feel badly," suggests the HARTFORD TIMES, "he often thinks there may be no such thing as a common cold; that they are all uncommon and highly individualized." The Times concludes as to the germ that has been identified by the Maryland expert: "If this announcement is vindicated, it would appear that something like 1,000,000 common cold treatments, each differing from the other, and most of them futile, are doomed to an early extinction. The common cold will be conquered and laid low. We wish we had the optimism to believe that when the micrococcus coryza is slain, if it is to be, in accordance with Dr. Pfeiffer's expectaions, there will not be swarms of yet other micrococci of vigorous activity to rise Phoenix-like from its ashes. Yet indeed it would be a wonderful boon to mankind if the Baltimore savant's discovery suggests valid defiance to the menace of the common cold."

"People are ready to give three lusty cheers for Dr. Pfeiffer," avers the CLEVELAND NEWS, "because colds affect—and concern—everybody." That paper explains that "colds are 'common' only because of the numerical strength of their victims, who are ready to vote the cold the most annoying ailment." The CHARLESTON DAILY MAIL, assuming that "what mankind has needed has been a pill or powder which one could swallow with the assured feeling of waking up the next morning with his affliction gone," decides that "the Baltimore physician has gone this one better."

"If the cause and cure have actually been discovered," asserts the ITHACA JOURNAL-NEWS, "the discoverer has performed a service to humanity which should take precedence over many more spectacular feats."

Now, to illustrate—

And Superintendent W. E. Fairbairn of the Shanghai Municipal Police Reserve Unit, playfully tapped his questioner, at Los Angeles newspaperman on the shoulder.

"If that had been over your heart," he commented, when the writer was able to regain his breath, "you would have been out."

In other words, evildoers in Shanghai have to watch their steps, for the Shanghai police are adept in what is known as Chinese boxing, little known throughout the world, but declared by the visiting police official of the Far East to be superior to the widely known ju-jitsu of Japan.

By resorting to the lessons learned from a study of Chinese boxers, Shanghai police are able to overcome unruly persons with astonishing ease, said Fairbairn. The boxing, he said, consists of blows on vital parts of the body and it is a simple matter for an expert to paralyze an opponent.

Fairbairn is the author of a book on self-defense that is one of the fundamentals in courses of instruction for the Hongkong police and other departments in the Orient. He is in Los Angeles enroute to England, on a leave after five years' continuous service.

Incidentally, those ambitiously inclined should be warned that the boxing is not to be picked up in a day. Fairbairn has been studying the art for twenty-three years and declares he is still learning.

But—and then came a demonstration of one's helplessness when a member of the Shanghai police force is doing nothing more than holding one's left hand. Ow-wow-ouch!

Might teach it to some would be Ring champion.

ABOUT DOGS

I like the homely yellow dog
That no one wants to steal.
The pup of doubtful parentage
That follows close at heel.
The comfortable cur that romps
With genuine delight
And has no beauty to be lost
When he is moved to fight.

Oh, you may have your thoroughbred,
Your dogs of fancy stock,
I'll take the mongrel pup instead
That roams the city block.
For if he runs when I get home
To wag his tail at me,
We two can be the best of friends
Without a pedigree.

Give me the sturdy, common dog
That's not inclined to roam,
But should it prompted be to stray
Can find his own way home.
Your handsome dog is whimsical,
'Twill often stop to board
With strangers, who await the day
You offer a reward.

I'll take the homely, faithful pup
Devoted to us all,
Who has no wish to run away
Or heed a stranger's call.
And though his legs imperfect are,
His body queer to see,
He'll make up in devotion what
He lacks in pedigree.

Seeks Increase In Quota From Lawrence County For U. S. Training Camps

Efforts are being made at the present time by Major Dr. W. Fulton Jackson, who has charge of the citizens' military training school activities in Lawrence county, to have the quota of the country, which is 39, increased in order to care for the considerable number of applicants from the county, over and above the established quota. Hopes are entertained that this may be accomplished.

According to Major Jackson, on March 31, the quota of this county has practically been filled at that time, there having been 34 finally accepted, 27 tentatively accepted pending the taking of typhoid and smallpox vaccinations, nine alternates accepted and one rejected.

Since that time there have been additional applications from Lawrence county men to take par in the citizens' military training camps of the local corps area.

There are some districts where the quota of applicants has not been reached and it is hoped to get additional Lawrence county men to training camp by having some of this surplus transferred to this county.

The training camps open up July 2 and continue to July 31. Most of the local applicants will go to Fort Washington, Md., where the infantry will be the course of training. The coast artillery training will be had at Fort Monroe, Va., and the field artillery at Fort Hoyle, Md.

Major Jackson has been ordered to Fort Monroe for a two weeks period starting July 14.

A WORD TO THE WISE!

When tempted to over-indulge

"Reach for a Lucky instead"

"Coming events cast their shadows before"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough

*In the U. S. Public Health Reports of 1923, Volume 38, Page 1271, we find the following: "Among short men less than 5 feet 7 inches in height an excess (in weight) of 20% involves an added mortality of 30% above normal. A 40% excess adds 80% to the mortality." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

Federal Raids In Ohio Please Mercer County Officials

Many Places Closed Which Have Been Operating In Open Violation Of Law

MERCER, June 19.—The raids of Saturday evening in "Little Canada" are hailed with delight by Mercer county detectives and police. With the closing of these places the liquor situation in the county will be far easier handled is the opinion of County Detective Sam Leyshock.

The federal officers are reported to have been amazed at the open violations of the law that has made the locale famous in two states.

SKUBICH ENTERS PLEA

John Skubich of Farrell arrested on a highway robbery charge will be sentenced soon. Skubich has already signed a plea to the charge.

He is held in jail here. He became famous at the April sessions when tried with being an accessory to the murder of Frank Di Silvio of Farrell on which charge he was found not guilty.

CONTAGION DROPS

The least number of communicable diseases reported in Mercer county for many months is that of the week ending June 16th. A total of 16 new cards were hung up during this period and 22 cases released from quarantine.

Of the cases reported 9 were measles, 7 whooping cough, 5 chickenpox, 2 scarlet fever.

TO HEAR CANDIDATES

Candidates will occupy the pulpit of the Presbyterian church of Mercer during the month of July announces the pulpit committee who have been securing candidates for the vacancy created by the resignation of Dr. O. H. L. Mason.

PLAN GARDEN PARTY

Final preparations are being made here for the holding of the Garden Party that is given as a benefit for the children at the orphanage asylum

HEAR FEW CASES

The June Grand Jury has but a few cases to hear to complete their findings.

They will make partial return of the criminal cases given them for consideration late today or Thursday.

Following this return they will make an inspection of all the county buildings. They will be the last jury to pass on the court house repair before that work actually takes place.

TAKE WOOL POOL BIDS

Bids will be accepted up to this evening at the Farm Bureau office here on the 1930 wool pool which is yet to be collected.

The bids will be turned in on the pool by the pound rate.

It is said today that a quick disposal of the pool may be looked for.

Wool growers of the county have been notified to bring in their wool cut to the wool house here the date of June 26-27-28.

FOUR HELD IN JAIL

Held in jail here for court are four of a list of 50 defendants. The percentage is small of those held and high of those able to furnish bail.

The jail list now totals 71.

Eggs exported from this county last year were valued at nearly $1,100,000.

GARDNER

Mrs. John Kirkwood of Gardner, and her brother Frank Kerr, of East New Castle, spent a week at the bedside of their sister Mrs. Davis, wife of Rev. Charles Davis, pastor of the Alliance church at Irvona, Pa. Mrs. Davis died last Friday, and on Sunday evening the family and relatives brought the remains to the Kirkwood home. The funeral was held on Tuesday afternoon at 2:30 from Hoover Heights Tabernacle. The service was conducted by Rev. Mr. Boone pastor of the Alliance church of Scranton.

Mr. and Mrs. Philip Moore of Gardner had the following guests recently: Mr. and Mrs. Norman Zeigler, and son Kenneth of New Castle; Mr. and Mrs. John Moore of East Brook, and Mr. and Mrs. John Irwin of the Harlansburg road. A year ago Mr. Moore built a tenant house on his lot and fully expected the Martin family to take possession but so far the Martins have not arrived and other birds are now nesting there. It is not often that one can see as large and fine a bird house as the one at the Moore home.

Miss Selma Benson of Gardner was a guest last Sunday of her friend, Miss Helen D. Niemi, of Pearl street in New Castle.

Virginia Hay, of Gardner went out last Thursday evening with the Girl Scouts of the First Baptist church in New Castle, and spent a pleasant visit of a day or so with her friend Shirley Stetson of East Brook.

Attorney C. W. Fenton, and Mrs. Fenton of the New Castle-Ellwood City road, spent a delightful ten day vacation at Williamsport last week Mr. Fenton made a trip to Johnstown. Last Sunday Mr. and Mrs. Carl Morton, of Ravenna, Ohio, were guests at the Fenton home, they are cousins of their hostess.

Mrs. Albert Smith of Gardner has been very ill for a few days, suffering from gall stones. Her daughter and husband, Mr. and Mrs. S. J. Conner of Court street, are at the home, and medical skill is seeking to bring relief.

David Walker, Sr., of Gardner is spending this week at the home of his son, Mr. and Mrs. William Walker and family of Wayne Stop.

Mrs. Lysle Slater of Gardner came home from Saxonburg last Saturday, and brought her little niece, Ruth Schneider, of Butler with her.

Frank M. Hay led the Young People's meeting last Sunday night, his daughter Virginia will be the leader next Sunday.

Mrs. A. H. Robb, and daughter Geraldine of Gardner, came home last Sunday evening after a very pleasant visit wtih friends and relatives in Butler.

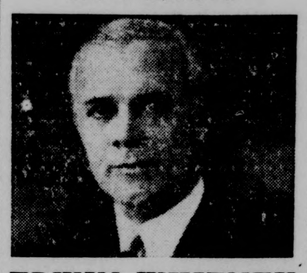

Miss Mae Sands, and Frederick McKenzie, both of New Castle motored to Geneve college on Monday and stopped a while with friends at Gardner. Mr. McKenzie has finished two years work at Taylor University, and will take some advance work at Geneva during vacation and return to Taylor in September.

Miss Smith of Gardner, has been suffering for some time with heart trouble and has been unable to go to her work in New Castle.

Frederick Lebbeus Schumaker, son of L. J. Schumaker of Philadelphia, was graduated from Lehigh University, at Bethlehem, Pa., on June 19. He graduated at Germantown high school before going to Lehigh. Frederick was twenty one years of age last December. He spent several vacations at the home of his grandparents at Gardner.

After being completely submerged in mud to his chin for 15 hours, Charles Hawley, aged 67, a blacksmith of Selby, England, was found in the bank of the river Ouse nearby. Dr. John Gillies, who attended him, says Hawley's life was saved by the coating of mud, which kept him warm and caused the blood to circulate.

Radio star enthusiastic about new shave

EDWIN WHITNEY
of "Real Folks"

EVERY Monday night at 9:30 when you listen to the "Real Folks" program over WJZ or KDKA, you hear the voice of Edwin Whitney, one of the stars in the radio world. Would you ever guess that Judge Whipple, Bill Perkins and Grandpa Overbrook are one and the same Whitney? They are. Mr. Whitney has a pet enthusiasm and he wants to tell you men about it. It's a new shaving method—the best and easiest he's ever found.

The important part comes first—a film of "Vaseline" Petroleum Jelly spread over the beard. Next the lather and then he follows his regular shaving routine. But with what a difference! No razor pull, and the "Vaseline" Jelly prevents all soreness and leaves the skin soft and smooth. Better-looking, too.

If you want a real comfort shave, follow Whitney's suggestion. Buy a tube or jar of "Vaseline" Jelly at the drug store today and try it tomorrow morning. You'll like it, too!

Trinity Parish Holds Annual Picnic Event

Many Sport Events Are Held During Afternoon At Lakewood

In spite of the unfavorable weather conditions of Wednesday afternoon and evening, the annual picnic of Trinity Sunday school and parish, held at Lakewood Beach, was a very successful event and was attended by more than 200 people.

The affair was featured by various sports events, the winners of which were awarded nice prizes. All united in a big picnic dinner at seven o'clock, which was started with prayer by the rector, Rev. P. C. Pearson.

The dinner was enlivened by the attention showered on a group of five men, who called themselves the Five Bachelors, which added much to the enjoyment of the occasion.

Transportation was provided for all those who did not have their own means of getting there, and the affair proved most enjoyable.

Success of the occasion was due to the efforts of the following committees: coffee, etc., Walter C. Eckenrode, Thomas H. Hitchcock, Richard E. Hitchcock, Richard H. Kley and Wilbur G. Shibler; dining tables and supper, G. Harry Hoskins, Mrs. T. P. Stryker, Mrs. E. P. Reebel, Donald F. Copson, Merle S. Hart and Joseph W. Pearson; games, T. Gwen Lewis, G. Harry Hoskins, Marion H. Wallace and Mrs. W. C. Eckenrode and assistants; transportation, Frank B. Offutt, W. B. Howe, Robert M. Garland, Francis Sowersby and others; general committee, W. B. Howe, G. H. Hoskins, T. G. Lewis, D. F. Copson and W. C. Eckenrode.

Winners in the various sports events: race for boys under 12 years, first, Russell Garner; second, Charles Randall; third Franklin Rice. Race for boys over 12 years, first, William Mackie; second, Robert Stevenson. Race for girls from six to 10 years, first, Ruth Metzler; second, Dorothy Metzler. SUNDAY SCHOOL WORKERS PLEDGE PROHIBITION AID

(Continued From Page One)

hours the various parts of the county sent in their delegations.

Opening Session

Robert M. Strickler, president of the Association, conducted the opening session with John Owens in charge of the music, Albert A. Taylor presiding at the organ.

Rev. D. C. Schnebly, pastor of the Mahoningtown Presbyterian church led the devotional praise services, which formally opened the meeting. The Young People's superintendent, Rev. E. H. Bonsall of Philadelphia, was introduced and spoke on "The Young People and a New Pentecost," bringing out the point that the Holy Spirit is as much present in the world today as when it was sent down upon the disciples 1900 years ago.

The secretary's report of the last meeting was given and committees appointed with Mrs. R. B. Withers as chairman of the place committee and Margaret Houston, Mrs. Charles Fischer and William Bothen as the other members. A period of music followed the reports.

Dr. M. Hadwin Fischer, of the Lutheran Theological seminary, Gettysburg, was then introduced and gave a talk on "The Church's Educational Task" bringing out the fact that the church must educate the younger generation, now growing up to the work now being carried forward and it is through the young people in our Sabbath schools that this must be done.

Address of Morning

The convention sermon was presented by Dr. G. S. Bennett, pastor of the First Christian church and he took as his text "Come, Learn of Me".

In introduction he said the motto of the association is "Go—Teach", which is a splendid motto for the workers to follow, but against this motto he took the words of Jesus, "Come—Learn", saying we could not teach unless we first learn the subject at hand and if we attempted to teach the Life of Jesus, we must first learn it ourselves and to whom shall we go or where shall we turn to learn this but to Jesus and His Holy book.

Young people in starting out in life have the choice of several courses and paths, some lead to the philosophical, where there is a certain fascination to the old philosophers and their teachings, some incline to the scientific, where there is also a remunerative and fascinating field of research, others turn to the religious, where the field is abounding, but, as in the case of turning to the teachings of the old philosophers and the scientists, so in the religious field they must turn, where?—to Jesus and his teachings and the element that must be brought forth is the personal, living Jesus.

Dr. Bennett brought forth some straightforward facts for the teachers, in that they must also live the life they teach, setting an example for the younger generation, whom they are trying to inspire and in using Jesus Christ, his life and his teachings in this way, the foundation is laid for future happiness and christianity to a greater extent.

The morning session closed with a hymn and benediction.

Afternoon Session

The afternoon session opened at 1:30 with still more delegates filling the cathedral auditorium, a great many Bible classes from the various churches attending in a body.

Resolutions adopted by the convention this afternoon are as follows:

Resolutions Adopted

WHEREAS, we are not impressed with the statements of the wets and the liquor sympathizers that they do not want the Saloon back; for we think that the return of the Saloon with all its attendant evils will be natural result of the repeal of the Volstead Act and other enforcement legislation and that the Liquor interests expect this. "Beware of the Greeks bearing gifts."

NOW BE IT RESOLVED, That there will be no compromise in this battle; America has said to the Liquor business; You are an outlaw, you are a pirate, you are opposed to all that is decent and good; You are out and you are out to stay. The United States is powerful enough to make its command respected; it is indeed a big country, and it is abundantly able to have its great and beneficent law obeyed.

Let us never give up until America is clean and safe for the coming generations. It is the duty of a citizen not only to observe the law, but to let it be known that he is opposed to its violation. As christian citizens we must neighbor the foreigner, bring to them the gospel of the Eighteenth Amendment; show thew we have not tried to take anything away from them, but to remove from their pathway the greatest foe of humanity.

AND BE IT RESOLVED FURTHER, That we, the Lawrence County Sabbath School Association in County Convention assembled do hereby express ourselves as being unalterably opposed to any attempt to abrogate, weaken, or nullify the prohibition laws of our State and of the Nation. We do pledge our whole-hearted support to the officers who are responsible for the enforcement of said laws, and we call upon all candidates for public office to state unequivocably their position on this most vital question.

RESOLVED, That we are opposed to any attempt to make it legal to hunt, fish, exhibit moving pictures, or to play baseball and similar sports or games on the Sabbath Day.

WE ARE ALSO OPPOSED to the transaction of commercial, political and other secular business on that day, and we call upon all Christian people to observe the Sabbath Day not only in letter but in spirit.

WHEREAS gangsters racketeering and killing in some cities of our nation seem to denote that they have got the upper hand on the forces of law and order.

NOW BE IT RESOLVED, That we are determined that sinister gangs and gangster activities shall not gain a foot-hold in our County.

WHEREAS, our nation has been leading in the movement for the limitation of armaments and the adoption of anti-war treaties, be it,

RESOLVED, That we affirm our desire for peace for ourselves and for other nations and urge upon all people law observance and good citizenship as the best means for developing a peaceful people.

Inasmuch as there has been some religious instruction in our public schools, and

WHEREAS, this convention favors it.

NOW BE IT RESOLVED, That we use our best endeavors to foster and promote the same.

RESOLVED, That the W. C. T. U. of Lawrence County be commended for their efforts, by means of essay contest and other methods, to inculcate in the minds of the pupils of the public scshools the harmful effects of alcohol and tobacco. We commend them also for their efforts to restrict and suppress and the sale of lewd and salacous literature; but we condemn the widespread offensive advertisements of the different brands of cigarettes which appear in leading publications of our Nation.

We hereby register our disapproval of the methods used in the recent Literary Digest Poll and express our doubt that its result shows the true wet and dry sentiment of the Nation.

WHEREAS we recognize that the purpose of the Bible School is to teach the Bible.

NOW BE IT RESOLVED, That we recommend that the Bible be studied more in our whole Sabbath School.

WHEREAS, we believe the most powerful influence for good or evil at work upon our young people today is to be found in Motion Pictures, and

WHEREAS, it is estimated that one hundred million people in this country go to the movies every week and a large proportion of these millions are children, and believing that the increase in crime is largely due to the effect of immoral pictures, and

WHEREAS, several foreign countries have refused American films because of the indecency and immorality, depicting as they do the worst in American life, yet, with but slight censorship these same films are shown in every state in the union.

THEREFORE, BE IT RESOLVED, That we, The Lawrence County Sabbath School Association, in convention assembled cease to trust the industry's promises to clean-up and will work strenuously to secure the passage of the Brookhart Bill now before the Senate and the Hudson Bill now before the House that the morals of our youth may be better safe guarded, and that we seek to establish some form of local control over an industry which has such power to undermine the character of our children, and that we urge parents to help their children to select their pictures.

RESOLVED, That we appreciate our County and District officers who have been so faithful in their services in their several fields and who by their untiring and energetic efforts kept our county among the leaders in Sabbath School work in our State.

RESOLVED, That we thank our host, The Cathedral Association, of New Castle, Pa., and the several committees for their help, co-operation and entertainment which have contributed to the success of this convention, and we also thank the newspapers of our County for the generous publicity which they have given us.

Resolutions Committee:

REV. N. B. McCLUNG, chairman.

More Jury Rooms Are Badly Needed

Judges Private Room And One Of Court Rooms To Be Used During Week

Another evidence that the Lawrence county court house is inadequate was manifested at court this week in finding accommodations for juries. On at least two occasions three juries were out at the same time. As there are only two jury rooms, on one occasion the private office of Judges Hildebrand and Chambers had to be used as a jury room and on the other occasion the jury was allowed to remain in court room No. 2. When double court is held there is need for at least three jury rooms. When the new court house, which has been recommended so often, is built, ample provision will be made for taking care of juries.

46 PIANOS LOANED FREE

Forty-six pianos (Grands, Players and Uprights, both new and used instruments) will be placed in homes of New Castle and vicinity, and they may be used until we need them—which will be an indefinite time. On a moment's notice the Baldwin Company of Cincinnati were forced to take over the entie stock of their former dealer at Sharon, Pa. Boxing, drayage, freight, possible scratching and marring meant a terrific loss in reshipping to Cincinnati. These instruments have been transferred here and as a result our floors are overcrowded. We prefer giving you the benefit of this loss and will cut prices sensationally. If you have ever thought of buying a piano now is the time. All pianos not sold outright will be placed in the homes of families who are interested in owning a piano in the immediate future, and for the valuable advertising we will receive by having good families use them. We reserve the right to select the homes in which these pianos are to be placed.

Positively No Charge for Anything

No cartage, no rent or any expense whatever. No phone orders. You must call at the store to make your selection. No matter if you live out of town you are just as welcome to one of these instruments as those residing right in the city. There are no strings to this offer, which comes but once in a lifetime.

Brock-Schlee Set New Mark For Aviation

Detroit Fliers Go To California And Back In 31 Hours 58 Minutes Of Flying Time

FORCED TO LAND IN LOUISIANA

(International News Service)

JACKSONVILLE, Fla., June 19.—William S. Brock and Edward F. Schlee, Detroit aviators, rested here today from the rigors of a flight which won for them the record of having made the fastest round trip coast to coast flight across the United States. They made the two-way flight in 32 hours.

Setting out from here Tuesday the two fliers reached San Diego Just 13 hours, 55 minutes and 30 second after taking off, thus setting an East to West record. They stopped at San Diego only long enough to refuel their plane and took off again on the return trip.

Electric storms and strong head winds made the return flight a perilous one. Despite the bad weather the airmen flew the return course in 16 hours and 50 minutes, making an elapsed time of 31 hours and 58 minutes for the entire flight. They were forced to land at Tallulah, La., yesterday for additional fuel.

Their arrival here yesterday was marred when the plane, a Lockheed-Vega, ran out of gas and crashed into a fence at the municipal airport. The plane was damaged.

The stop at Tallulah for fuel threw some doubt on the fliers' claim for a record, in that it was a non-stop flight.

Brock and Schlee bettered by more than seven hours a previius record set by Lieut. James Doolittle in 1922 when he made a similar flight between Jacksonville and San Diego.

BUSY SEASON AT MOTOR CLUB OFFICES HERE

This is the busy season about the New Castle Motor club office in The Castleton. New Castle people who are planning motor tours ask for routes to be laid out for them, and many tourists of other states are calling for directions east.

In the past ten days there have been cars from California, Vermont, Texas, Kansas and Oklahoma at the curb outside of the motor office with the drivers inside getting further directions.

B. N. Hanlon, manager of the Motor club has a more complete supply of state maps this year than ever before and enabled to give better service than it has been possible heretofore.

From the number of New Castle motorists who are asking for routes through Canada and the east coast states, local people are planning to get acquainted with other sections of the country in greater quantities this year than ever before.

State Supreme Court To Get Votes Appeal

(International News Service)

PHILADELPHIA, June 19.—An appeal to the State Supreme Court in the Luzerne county primary vote dispute will be filed here Monday, it was stated today by William F. Berkowitz, counsel for Francis Shunk Brown, the action is contingent upon the decision of the Luzerne county court on Mr. Brown's petition to withhold certification of the county vote.

Baby Drowns In Barrel Of Water

(International News Service)

BRADFORD, Pa., June 19.—A certificate of accidental drowning was issued by Coroner H. Clay Heffner in connection with the death of 2-year-old Daniel Arthur Causer last night.

The boy, a son of Mr. and Mrs. A. E Causer, fell into a half barrel of water used for stock watering purposes and was drowned.

Mrs. Causer told the coroner that Daniel was out of her sight for less than five minutes. The infant was alive but unconscious when rescued from the barrel. Efforts to revive him were futile.

Autos Collide Near Harrisburg; One Man Killed

Four Others Are Injured In Crash Occuring On Gettysburg Pike

(BULLETIN)

(International News Service)

HARRISBURG, June 19.—One man was killed and four others were injured, two seriously, when two automobiles crashed at the intersection of the Gettysburg Pike and a cross road near here today.

John Hart, of Bowmansdale, was killed.

Thet injured, all of Harrisburg, were James Gilmer, Albert Keane, Elmer Bricker, and Frederick Gettys Hart, according to motorists who reached the scene shortly after the collision, was driving west on the Bowmansdale - Mechaninisburg road and ran into the car in which the four Harrisburg youths were driving north on the Gettysburg pike. Both cars were hurled from the road by the impact.

The injured were rushed to Harrisburg hospital, where the condition of Gilmer and of Bricker is said to be serious. Gilmer suffered a fractured skull and Bricker was badly cut about the face and neck in addition to head injuries and possibly several fractured ribs.

Joseph Armstrong Plans To Wed, Has Taken Out License

Chairman Of Allegheny County Commissioners Will Wed Miss Ethel Wilson

(International News Service)

PITTSBURGH, June 19.—Joseph G. Armstrong, chairman of the board of Allegheny county commissioners, has taken out a license to wed, it was learned shortly after noon today.

Armstrong is 63 years old and his intended bride, Miss Ethel Wilson, is 37.

The license was issued at the marriage license bureau in the city-county building yesterday but the fact did not become known until today.

Meanwhile rumors flew thick and fast about the court house that the couple already had been wed although associates in the commission's office here said they knew nothing of the report.

Commissioner Armstrong had kept his matrimonial plans secret even from his most intimate friends.

It was learned today that Commissioner Armstrong left his office yesterday simultaneously with the departure of Miss Wilson from her apartment here.

Commissioner Armstrong's former wife died in 1926.

Union Gulf Oil Company To Build Largest Refinery

(International News Service)

PITTSBURGH, June 19.—Beginning of construction work on one of the largest refineries in the country within 10 days was forecast here today when it was learned that the Union Gulf corporation had purchased 120 acres of land on Neville Island.

The proposed refinery will be the eastern terminal of the pipe line to be built from Tulsa, Okla., to this city and its erection will mark the first step in a major expansion program planned by Union Gulf.

This program, it is understood, is to be undertaken with the objective of increased sales in this territory by making directly available to this section oil produced in new western fields.

Union Gulf corporation, newly-formed subsidiary of the Gulf Oil corporation, was financed on Monday through the offering of $60,000,000 in bonds through the Union Trust company of Pittsburgh.

Officials of the Union Gulf corporation admitted the purchase of the refinery site today but were reluctant to make public the extent of their plans for the new production unit.

Gun Wounds Are Fatal To Youth

(International News Service)

GETTYSBURG, Pa., June 19.—An "unloaded" gun today had claimed an additional victim with the death of James Allamong, 13, of Iron Springs, 10 miles wes of here.

James, with two younger brothers and Kathryn Stewart, 9, a neighbor were playing with a 22 calibre rifle last night. During the play the gun was discharged and the bullet struck the boy in the left temple. He died a half hour later.

Tourists Arrive At Cascade Park

Cascade Park has commenced to greet tourists who come from as far southwest as Texas, sunny California, Canada and as far east as New Hampshire, according to Thomas Newell, in charge of Cascade Park police.

According to Newell the tourists are accommodated at the parking grounds near which is located a spring and in early morning some of them can be seen preparing their breakfast in the Grove where there are cooking facilities.

When you don't know whether to say "I should" or "I would," the correct form is "I'd".

Arrest 1938 Persons For Parking Violations During Year In City

Approximately 11 persons were arrested every day in 1929, according to the 1929 report of Mayor Gillespie. Of the 4,064 arrests 558 were jailed for drunkenness and 85 additional persons faced a charge of drunkenness and disorderly conduct.

One thousand nine hundred thirty eight violated the parking ordinance, 337 violated traffic rules and 73 were caught speeding.

Of the 4064 only one resisted an officer and four were arrested for carrying concealed weapons and one of these was drunk and disorderly.

Twenty two were arrested for operating automobiles while under the influence of liquor and 10 were arrested for gambling.

One was arrested for murder.

Three thousand seventy paid fines and of the remainder 45 were sent to jail, 299 discharged, 158 turned over to aldermen and the balance were given into the custody of other authorities, relatives and the court.

The receipts amounted to $14,327.03.

Pyle To Attend Meeting Of State Chamber June 24

Board Of Directors To Assemble For Discussion Of Important Matters

David S. Pyle, past president of the New Castle Chamber of Commerce and a member of the board of directors of the State Chamber of Commerce, is planning to attend a meeting of the board to be held in Lancaster, June 24, at the call of President Alba B. Johnson.

The program of the meeting has not been announced by President Johnson, but among the important matters to be discussed is that of a more uniform and equitable basis of assessment for taxation purposes a thing in which New Castle Chamber of Commerce is vitally interested.

The recent election of Mr Pyle to the board marks the first time in the history of the local chamber that New Castle has been represented on the state board, which is a distinctive honor.

Lutherans Plan Extension Of Work

New Wing Being Added To Old People's Home At Zelienople To Care For Aged

New School Building Erected During Year To Care For Orphaned Children

Intermission work of the Pittsburgh Synod is being greatly expanded with many changes being planned for the coming year, according to the reports given today at the convention of delegates taking place at Calvary Lutheran Church, Wilkinsburg, Pittsburgh, Pa. At the Bethesda Home for Orphans delinquents and problem children, a new school building was erected at the cost of $60,000.

At the Zelienople Orphans Home the cottage for the older boys was completed as also the Wattle Memorial provision and the former Superintendent's home has been converted into a nursery for infants. New equipment and extensive improvements were made at the Eptiletic Home, Rochester, Pa., and the new cottage for girls has been completed, at the cost of $80,000. The superintendent, Rev. H. W. Kohler, reported that there is no indebtedness on this addition.

Ground has been broken and the new wing for the Old People's Home at Zelienople was begun May 22. The Lutheran Intermission Society of Pittsburgh has purchased a vacated Grace Lutheran Church at South Side, Pittsburgh, Pa. The parsonage has been fitted up for a dormitory to house men out of employment. Over [illegible] children were cared for at Bethesda, and 150 at Zelionople. A band of 27 pieces has been organized at Zelienople Home.

The Thursday morning sessions were opened with devotional service conducted by Rev. J. C. Klingensmith, DuBois, Pa. The Chaplain of the convention Rev. Jacob F. Scholl, Pittsburgh, Pa., spoke on "Man's Love For God". The election of members of boards and committees and directors were held at the close of the morning session.

Cramps Bring Death To Young Swimmer

UNIONTOWN, June 19. — Seized with cramps as he swam in 15 feet of water in the Coolspring reservoir, Regis F. Regan, 15, son of Mr. and Mrs. Thomas Regan of Uniontown, was drowned before assistance could reach him.

Several boys with the victim at the time raised the alarm but were unable to give the exact position where the lad was last seen.

Judge Jenkins Will Hear Case

Former New Castle Man To Preside In Big Steel Suit In Youngstown

CASE WILL START WEDNESDAY, JUNE 25

When opponents of the proposed merger of Bethlehem Steel and Youngstown Sheet and Tube fight it out in court starting June 25th, they will present their arguments to a former New Castle man, Judge David G. Jenkins, now a common pleas judge of the Mahoning County bench, Youngstown, O.

The case is one which will be watched by the business and industrial world. It involves millions of dollars and if carried through means that Bethlehem Steel Company will be the second only to the United States Steel Corporation in size and importance.

Born in Wales

Judge Jenkins was born in Wales October 18, 1879, and for five years between the ages of 6 and 11 lived in Australia where his father built four tin plate mills. At the age of fourteen Judge Jenkins came to New Castle and in 1900 graduated from the New Castle High School.

Following his graduation from high school he studied law at night, while in the day time he worked in the steel mills. In 1903 he became the editor of the Youngstown Labor Advacate and a little later went to Ohio Northern University where he studied law, graduating in 1906, and being admitted to the bar.

In 1918 he was elected city solicitor of Youngstown and in 1912 went on the common pleas bench and re-elected in 1922 resigning to enter the private practice of law. In 1924 he was re-elected and his present term expires nn 1931. He will be a candidate for re-election.

His conduct of the Bethlehem-Youngstown Sheet case will attract national attention. Here in New Castle where he has many friends it is felt that Judge Jenkins will handle the case in a manner that will reflect credit upon himself.

W. B. A. 98 Holds Memorial Service

At the regular meeting of the Women's Benefit Association 98 held on Tuesday evening in their Hall the regular routine business was transacted and plans made for forming a "Chicago Pageant Club" with the aim of sending a number of delegates to the convention being held in Chicago next year.

Closing the business meeting a memorial service was held by the lodge in honor of one member, Mrs. Ada Allen, who departed this life during the past year.

The meeting was conducted by Miss Marie Fox, president.

"Clear up your skin, dear, and you will be popular, too"

If you desire a clear skin you must keep your blood in good condition.

Skin troubles and sallow complexion speak of body weakness — a deficiency in the red-blood-cells.

A lovely, clear skin is within your reach

S.S.S.

may be found in every good drug store in America. Thousands of users have testified to its benefits in unsolicited letters of gratitude. Seek energy, vitality and a clear skin through the remedy which is made from strictly fresh vegetable drugs and has stood the test for over 100 years. Sold in two sizes. Ask for the larger size. It is more economical.

© S.S.S. Co.

WITH the last blemish gone, confidence returns. More friends, more invitations—more good times. With the joy and pride of possessing a clear skin, self-respect increases.

A lovely, clear skin is within the reach of all. To you who have lost it, hope is offered, that you, too, may have a beautiful skin, rose-petal in texture, pretty as a picture and without a single pimple.

Skilled physicians recognize the appearance of skin eruptions as being an indication that the body's power of resistance is low.

The natural way to remedy this condition is to restore the red-blood-cells to normal.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

S.S.S. helps Nature restore the blood to its normal state. Healthy blood nourishes the body and works against infection and disease.

Without plenty of rich, red blood there would be no strong, sturdy, powerful men, or healthy, beautiful women.

If you are troubled with so-called skin disorders, take a few bottles of S.S.S.

OH, THESE WOMEN!

By LEOLA ALLARD

A teacher writes to say that you can't train children by love alone. That a good spanking is what many of them need.

I think you can train them without spankings, if you begin at the cradle and keep it up until they are pretty well on their way.

Teacher says she has learned to discipline children, and that it is as necessary to their growth as cultivation is to plants. Love, she says, is sufficient for some children but for others nothing accomplishes as much good as a whipping.

In citing the parents who have few children and lavish much love upon them, "asking nothing in return for their love," she says, "the children grow up selfish, selfwilled, lawless, dishonest, disrespectful, disobedient. If not with all these faults at least some of them.

If she feels that way about children I wouldn't want her to be training my child. In the first place people don't ask anything in return for love. In the next place how many children are bad enough to be all these things she has listed?

Then she says that "When the children grow up these faults become more pronounced, making them uncompanionable, unreasonable and unmanageable as wives or husbands." She thinks it's not surprising that later the divorce courts are filled with these spoiled children. And that more work and discipline for the children would empty some of the jails and the old people wouldn't be crowded off the sidewalks. "The country" sezz she, "wouldn't be filled then with gangsters. We would love children wisely and demand that they fill their places in a way to make the nation proud, as assets not burdens."

I think the teacher is wrong in starting out with the idea that the world is full of wrong children fast developing into gangsters. Then too much demanding doesn't get children any farther than spankings. Childrens are people and have feelings, and they can be reasoned with and shown the light without being beaten into submission. Any spanking no matter whether it hurts physically, has a deleterious effect upon little folks. Children remember every spanking they ever get, and not with any special love or thanks to their parents.

I know some modern kindergarten teachers in our countries biggest colleges, who have experimented extensively and found that you can make more good children with kindness than you can with whippings.

One of the things that amuses me is they way they punish them by telling them they must stay home for a few days and not come to kindergarten. They'd even eat spinach to get back.

It's too bad that suitable teachers can't get the children earlier than some of the mothers who spoil them. No all mothers are good mothers, and the teachers problems are indeed difficult ones. But for the most part they are now sparing the rod to the everlasting advantage of the child.

Mr. Stanley Forbes Tells How Cuticura Healed Pimples.

"I was troubled with large pores, pimples and blackheads. The pimples were very hard and red and festered over. They were scattered all over my face. For fifteen years I tried other remedies but with no success.

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. My face started to clear up after using it so I purchased more, and after using one cake of Cuticura Soap and one box of Cuticura Ointment I was completely healed." Gasoline tax collections during the month of May totaled $2,681,448.93 of which $2,336,766.40 is retained by the state and $338,746.09 goes to the counties.

Webber Receives Notable Honor

Organist At First Presbyterian Church Awarded Associate Degree By Organists Guild

Word has been received here from the New York headquarters of the American Guild of Organists to the effect that Thomas H. Webber, Jr., has been awarded the Associate Degree. This degree is authorized by the Board of Regents of the University of New York, and is awarded only to those who pass a thorough examination in fifteen branches of music, including Harmony, counterpoint, Fuge, Composition and History of Music.

Mr. Webber took the examination on the last two days of May, at Detroit, and received excellent marks in both the playing and theory sections. Of the 51 points available for playing, sight reading, transposition, etc., Mr. Webber received 49, which is, indeed, a very fine record.

For the past year Mr. Webber has been organist and director of music of the First Presbyterian Church of New Castle, and has made an enviable reputation for himself both as a church organist and a recitalist.

Peter's Adventures

BY MRS. FLORENCE SMITH VINCENT

A LADY'S LANCETS

"Think of what is to come!"

There were Wary-Wing's words, an in spite of what that mosquito had said before, Peter looked nervously about him. Were the tribe of mosquitoes on their way to avenge Stingie? However, not a sign of them was to be seen. Wary-Wing did not notice the boy's anxiety.

"What's done is done!" said she "I have the future to think of. The truth of the matter is, I have wasted enough time in idle talk, as it is. Before the sun goes down I must set three hundred and more eggs afloat and that is not so simple a duty as it may sound."

"Eggs float!" cried Peter. "You don't mean it!"

"Ah, but I do!" Wary-Wing was pleased to think her words had attracted so much attention.

"How?" cried Peter.

"Watch me and find out!" replied Wary-Wing, and Peter was delighted. However, he didn't like to leave poor Stingie lying in the dust. Tenderly he lifted the poor little victim of her own folly and carried her to a shady bed beneath soft fern leaves.

"Since you have paid Stingie such honors, you may be sure none of Stingies relatives will ever use their lancets upon you if before they sting they find out who you are!" remarked Wary-Wing gratefully. Peter thanked her and changed the subject.

"What are your lancets?" asked he. Wary-Wing chuckled a mosquitoey chuckle.

"Lancets are what we mosquitoes use to pierce a little hole in a Two-legs' tender skin so that with these long tubes of our we can suck up the blood that comes bubbling to the surface. Every perfect lady of the Gray Gnat family keeps her's well sharpened."

Rev. Lee W. Ames Will Address Bible Conference Next Week

Programs of the Western Pennsylvania Bible Conference, to be held in the First Presbyterian church of Slippery Rock, show the conference will begin Sunday, June 22, at 2:30 p. m., and will close Sunday evening, June 29, with a final address by the president of the conference, Rev. Bert E. Williams of Ellwood City. The Sunday programs will include messages at 2:30, 3:30, and 7:30 p. m. On the week days an additional devotional message will be given at 10:00 a. m. All sessions will be on Eastern Standard Time.

In addition to a large number of local speakers, the conference has been fortunate in securing the services of Rev. Lee W. Ames, D. D., a member of the Extension Department of the Moody Bible Institute of Chicago, who will speak the last four days of the conference. Before assuming his present important responsibility, Dr. Ames was for some years the pastor of a college church, where teachers and students thronged his ministry because of the virility of his message, and the fairness and force of his presentation of truth. In the language of a sincere admirer who writes of Dr. Ames, "He is a man with a message that is distinctive, different in method of presentation made possible by his scholarly grasp of Scripture truth." Being a master of the original language of both the Old and New Testaments, his interpretations carry authority and real illumination. A wide demand for Dr. Ames' Bible teaching and expositional lectures at numerous Bible conferences and church gatherings, while still a pastor, made it logical and fitting that he should be sought to devote his entire time to this needed service. Combing force and charm as a speaker with profound Christian sincerity and true scholarship makes certain that those who attend the conference will receive rare profit and inspiration from the addresses to be given by this eminent teacher.

They are now installing radio sets in some of the prisons of the country and before long now we will probably be hearing of their taking the prisoners off for a two weeks' vacation in the Summer at some renowned resort. —The Charlotte News.

United Lutherans Have Large Assembly

Conference Being Held In Wilkinsburg Attracts Over 500 Ministers

It seems as the conference of the United Lutheran Synod progresses in the Calvary church of Wilkinsburg the interest increases.

There are over 500 pastors and delegates present and reports from the various churches have been most gratifying.

Today's session will be taken up with the election of officers and hearing of candidates for the pulpit. There are 9 new members being received into the Synod.

The annual memorial service for pastors who have died during the past year will also be held today.

It was decided that the meeting place for the conference next year will be in the First Lutheran church of Greensburg, Pa.

The Parent Problem
by GARRY C. MYERS, Ph.D.

Pet, Praise Perplexing Little Son

By GARY C. MYERS, PH. D.

Hans is three and Hattie almost two. He is described as a little demon; she a litle angel. Many a child becomes very bad just because another child has been so good.

Their mother writes from California:

"Hans has a sand pile and other toys and prefers to stay where I am and gets into things I don't want him to. He throws his toys in all directions and then goes straight for something he knows he is forbidden. Spanking does no good, neither does talking. He repeatedly return to something forbidden and reaches with one hand while he watches for you to come to stop. He does not run if you do come, acts as if he dared you to slap him and waits for you to do it. He sleeps 12 hours at night and takes a nap by day from 12 to 2.

"The worst trait of his behavior shows up when his daddy comes home. No one can do anything for him then but his father and he follows daddy all over the house whining and crying, until his daddy leaves everything to play with him.

"When I give him a picture book to look at I have to look with him and tell him about it. He just will not amuse himself.

* * *

"We have an awful time with his eating, too. The more I fuss with him the worse he gets. At night he usually eats cereal with baby at 5, and his own supper with us at 6—which is another grand sweat for all, the same as breakfast.

"He always has demanded so much attention, and seems inclined to be nervous and impatient, going all to pieces if he is trying to put something together and can't, and flying into a rage when crossed when he wants to do something.

"The baby is just the opposite never has caused a single fret, plays all day without any attention, always laughs, eats as long as you would feed her, never cries, and just couldn't be better.

"Naturally a person is inclined to love the least troublesome baby more but I don't want this to be the case and realizing Hans needs ltos of love, I am appealing to you for help."

It is evident that jealousy is the source of most of Hans' troublesome behavior. You see that Hattie is so very good and in those very traits in which Hans is very bad. His jealousy makes him irritable and stubborn. Every time you punish him you emphasize in his mind the belief that you like Hattie better than you like him. He continually seeks your attention to be assured that you like him as well as sister. Of course he doesn't think this through. None the less, it all happens. Even by his getting into all sorts of things he forces you to keep your mind on him. He is going to have your solicitude, foul or fair; so also dad's.

Almost as certain as the rising of the sun you and dad talk about how good sister is in Han's presence. Your looks and voices and movements, your caresses of her and the adoration of the baby by your friends, make Hans conscious of the difference. Since you and dad are forced to amuse this lad you do so half-heartedly, and he knows it.

Now quit making so much fuss over Hattie. Make more over Hans when he is good. Read a great deal to him from pictured story books; both you and dad do so.

Forget about his eating for a few weeks and he probably will eat much more. Work out ways to reduce commands and to end punishment. Limit them to a very, very few things. Try to avoid "No" and "Don't" almost entirely. In his case better get along without spanking.

Let him do more things. If, for instance, you are baking give him a little dough to play with. Put a box up by the sink and let him pour water into milk bottles. Get him some soft wooden boxes and a hammer and large headed nails. Praise him when he does well.

Storm Sewer Is Being Installed

Clogged Drain On North Mercer Street Hill, Causes Pavement To Heave Up

City employes are constructing a storm sewer between East Grant St and the old Patterson homestead on the North Mercer street hill, to take care of water from a spring which rushes forth about half way up the hill.

A small tile drain had been installed to take care of the flow of water from the spring, which had become clogged and caused the paving along the side of the street to heave up. A larger sized tile is being laid, which will care for additional water which comes down off the hill in the hedge of The Cathedral during heavy rains, in addition to the water from the spring.

Adjournment Of Congress Likely To Strike Snag

Rivers And Harbors, And World War Pension Bills Holding Up Adjournment

SEEKING TO IRON OUT DIFFERENCES

Friends Of Pension Bill Concerned Over Number Of Amendments

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, June 19.—Adjournment of Congress remained somewhat hazy as administration leaders today proposed to pass both the $136,000,000 rivers and harbors bill and the $74,000,000 world war pension act through the Senate within 48 hours.

This program, if successful, will pave the way to an adjournment of Congress on June 28. It will not insure a June adjournment, since Congress must iron out the vicious controversy over appropriations for the District of Columbia and enact the Parker motor bus bill before going home. With the waterway and pension bills enacted, the greatest obstacles to adjournment will be overcome.

May Use Veto

Friends of the pension bill were more concerned over the number of amendments than over its passage. They feared the bill would be tagged with such expensive proposals for compensating disabled veterans as to necessitate a presidential veto. The bill as it passed the House carries provisions expending from $181,000,000 to $426,000,000. It was reported Mr. Hoover would veto it if the Senate adopted the same measure.

Due to the expected veto the Senate finance committee slashed the bill to a limit of $74,000,000 in relief. This was acceptable to the American Legion and other soldier organizations, but a score of amendments have been offered which would carry the appropriations above $100,000,000. If adopted, these amendments probably would draw a veto of the whole bill, with little chance for enactment over a veto.

Waterways Battle

The waterway battle continued to revolve on the question of diverting water from Lake Michigan. Upper lake state senators were supporting an amendment by Senator Blaine (R) of Wisconsin, to limit the diversion of water for use in the Illinois waterway to 1,500 cubic feet per second. The bill now would allow the use of all water necessary to make the waterway commercially navigable. If the Blaine amendment is adopted the bill will pass promptly; if it is defeated a filibuster will block enactment.

Administration leaders planned to fix a time to vote on the amendment this afternoon, thus paving the way to enact the bill tomorrow. In the meantime they will seek immediate passage of the pension bill. They were hopeful of success in each effort.

Ten Days Longer

With tariff, waterway and pension legislation settled, Congress will be in a position to fix a definite date of adjournment. Friends of both the waterway and pension bills, however, will fight the naming of any specific date for adjournment until after Mr. Hoover has passed upon both bills. This would keep Congress in session for 10 days longer.

The fight over appropriations for the District of Columbia has become a deadlock, with the House and Senate at odds over the amount of federal contribution to running the city government. There appeared no prospect of a compromise, but Congress may abandon the quarrel by merely passing a resolution continuing last year's appropriations and postpone a decision until next December. This temporary truce has the support of both House and Senate leaders.

Atlanta Wizard Has 142 Scores For 36 Holes; Looks Like Open Winner

(International News Service)

HOYLAKE, Eng., June 19.—Shooting a beautiful 72 today on his second round of championship play, Bobby Jones, Atlanta, Ga. wizard of golf, took a firm mortgage on the British open championship crown with a low total of 142 for 36 holes.

On a day when scores were universally several strokes higher on each card compared with yesterday's sensational low marks Bobby delivered to the full all that was expected of him by a grovelling and worshipping gallery.

(International News Service)

CARMEL, June 19—Herbert Heron, poet mayor of this town, doesn't mind two or three jobs at once, but he draws the line at four or five.

Now that he is head man of the artist's colony, he has resigned from the municipal advisory board, local organization that ponders weighty problems of the community and favors the city council with its recommendations.

Paul Prince well known resident has been elected to fill Heron's place on the board.

Basket Picnics In Full Swing

Basket picnics are in full swing according to Carl Shaner, manager of Cascade park who stated today that from early morning until the fall of dusk family groups and others hold basket dinners at the grove after which they journey to the midway of the amusement center. The park has been operating normally this year and the crowds at night are in excess of those last season, according to the manager.

Ether Fails To Put Snake To Sleep

(International News Service)

FRESNO, Cal., June 19.—How much ether does it take to put a rattlesnake to sleep?

Dr. W. T. Shaw asked that question after he was treated at a hospital for a rattlesnake bite.

To perform an experiment at Fresno State College, Dr. Shaw gave the snake ether, and was working on it before a number of students when the snake suddenly rose up and bit him.

Mongrel Dog Sounds Fire Warning

(International News Service)

EUREKA,Cal., June 19.—"Nipper," a mongrel dog owner by R. H. Lake, jeweler, is on extra rations since spreading the alarm which is believed to have saved a considerable portion of the business district here from destruction by fire.

Lake was aroused by the furious barking of the dog and when efforts to quiet him failed, Lake investigated and found the adjoining building in flames.

MYSTERY BOAT OF MISSING MEN

Toledo, O., has been trying to probe the mystery of disappearance of eight well-known citizens, whose empty boat was found in Lake Erie off West Sister Island, 15 miles from Toledo, containing five unused life preservers and a hat. This photo of the boat was taken after it had been towed to Put-in Bay, O. Belief has spread that the men might have been captured by lake pirates.

Rain Fails To Check Scout Camp Program

Despite the fact that Old Jupiter Pluvius did his best to crimp activities at Scout Camp John M. Phillips on Wednesday, the fun and frolicing of the half hundred younger boys who comprise the camp roster this week was not halted in the least. Yesterday marked the third day of camp.

Good turns Wednesday morning were under the leadership of the stockade leaders, Herbert Christman, Tom Rambo, Earle Timblin and Mac Leslie. The duties consisted chiefly of sweeping the grounds and making the camp a pleasant place for campers and outsiders. The swimming activities of the day were carried on and enjoyed by everyone although the water was somewhat cool. Some people cannot go through a day in camp without some form of swimming and that is the way the boys here feel about it.

Many boys are making fast progress and will soon be able to receive their beginner's swimming button.

The greater part of the afternoon was taken up by a hike to the game farm. One of the greatest phases of scouting is the contract a scout has with nature. The scouts, probably, more so than any other organization, become intimate with nature. They certainly got a good chance to get some first hand observation yesterday as they were shown the different types of birds and animals at the game farm.

Parents Are Visitors

Before the evening meal was finished, many parents and friends of the campers had arrived to see what the camp had to offer to their boys. By the way they all acted, we feel that all were satisfied they had done the proper thing in sending their boys to camp.

Hut inspection yesterday was awarded to Hut No. 5 under the leadership of Earle Timblin. The other boys in the hut are Bill Swick, Dick Timblin, and Chester Swick. The hut won the inspection with a high score of ninety-seven points and received the honor pennant to be placed on their hut for the day. Boys reveiving the highest number of points yesterday were: Mac Milliken 175, Bill Swick 170, and Dick Timblin 170. It is a great honor to be the one to receive the highest score and many boys are trying for it which makes the competition very keen.

Many parents remained to see the campfire program which is put on every evening. The program was started with the song "Clementine," sung by the campers. The camp staff followed by singing "On the Dummy Line". A stunt was then produced by the mastermind Hap Hawkins called "hookum the mind". A game called "gathering in the nuts" was played and the program was brought to a close by the campers singing "Springtime in the Rockies".

Shortly after this taps were sounded and all the boys retired for another much needed rest after a strenuous but happy day of clean and healthy fun.

Airmail Pilot Wins Adoration Of Boys

(International News Service)

PORTLAND, Ore., June 19—Al Davis, Varney air mail pilot, has been a hero to three boys for a long time since he started dropping newspaper comic strips to them each week from his plane as he flew over Kiona, Wash. but now he is a god on wings.

The three lads learned that Davvis would be at on air-circus at Pasco. They made the trip, looked the pilot up to thank him for his contributions from the air and then heaped sandwiches and cake before him. Not to be out done, Davis bundled the trio—Chester Ilinson, 16, his brother John, 12, and Mat Swanson—into his plane and gave them a round trip to Portland and Pasco.

Sea Captain A Match For Dance Sheiks

(International News Service)

EL CENTRO June 19—C. E. "Capt." Davis today drew up to his full six feet four and told the board of supervisors he calculated he could take care of any whippersnappers or flappers cutting up didoes" at the dance hall he proposed to erect on his island in Salton Sea, so the supervisors decided to issue him a license.

"I'll throw the whole passel of 'em into the sea if I have to, to keep order,' said Davis as he clamped on his ten gallon hat and stalked out to climb into his fliver, bound for home—a lonely, forsaken island rising up in the salt inland lake, which is surrounded by nothing but desert.

Davis didn't say where his dance hall patrons were to come from.

No Tariff Revision For Twelve Years Is Predicted In Senate

Senator Watson, Indiana, Makes Statement Concerning New Tariff Bill

Tariff Commission Asked To Launch Seventeen Different Inquiries

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, June 19.— There will be no general or partial revision of the tariff within the next 12 years.

This was the unqualified prediction today of Senator James E. Watson of Indiana in asking the U. S. tariff commission to launch 17 separate tariff inquiries.

Leaders of the Democratic-insurgent coalition, who fought the higher industrial rates of the new law, however, insisted congress would be compelled to act if the tariff commission eventually reported the new rates were too high. Watson replied that individual rates could be changed by the president under his flexible powers and that congress would find it impossible to change individual rates.

Leaders Stunned

The senate's action in ordering the investigations rather stunned tariff leaders, who had expected opposition to the new rates to die with the signing of the bill. The senate, however, by an overwhelming though unrecorded vote, directed the commission to investigate differences in costs of production in this country and abroad, on men's and women's shoes, furniture, cement, hose, shovels, spades, scoops, forks, rakes, scythes, sickles, grass hooks, corn knives, drainage tools, wire fencing and wire netting.

In the past the commission has required months of inquiry to render such reports. In this instance, it will have no report ready for congress before the congressional elections and possibly not before the end of the next session of congress.

This would throw the tariff fight into the next congress, which would convene in December, 1932, unless called into special session sooner. In any event, it will be a year or more before congress acts upon the tariff again—even if Watson were wrong.

Verdicts Returned In Cases At Court

In the case of the commonwealth against Joseph P. Lyda, charged with permitting a person to operate his automobile while under the influence of liquor, which was tried before Judge Hildebrand, the jury brought in a verdict of guilty.

George Koerner was found guilty of operating a motor vehicle while under the influence of liquor, and Nick Jarone and Tom Allen were found guilty of possessing liquor. The latter was tried before Judge Hildebrand.

Gangster Carrying Gun Faces Sentence

Gangster Found Carrying Gun Says He Was Working For Late "Jake" Lingle

(International News Service)

CHICAGO, June 19—Anthony "Red" Kissane, said by police to be a gangster, today faces a possible sentence of one year in jail and a $300 fine following his conviction last night on a charge of carrying concealed weapon.

Kissane, it was said at his trial yesterday, told police when he was arrested that he carried a revolver because he was "working" for Alfred J. Lingle, Chicago Tribune reporter who was slain ten days ago by a gangland assassin.

Motion for a new trial will be heard Tuesday.

Two Being Tried In Robbery Case

Leonard Smith And Mose Stewart On Trial In Connection With Baking Company Theft

Leonard Smith and Mose Stewart, charged with larceny from the person, were placed on trial before Judge R. L. Hildebrand this morning. Harry Isaac, who was charged with the same offense in connection with the crime, had previously entered a plea of guilty.

Mose Stewart and Isaac worked for the Model Baking company of South New Castle, of which Henry Budzowski, who lives near the bakery, sent his eight-year-old daughter, Helen Budzowski, to the bakery for the day's receipts, amounting to about $455.

The money had been done up in a bag, as the usual custom. At the trial this morning Henry Budzowski testified that he had been sitting on the porch of his home. Shortly after his daughter left he heard her scream and running around the corner found that she had been robbed.

Helen Budzowski testified that the money had been taken from her by Harry Isaac. Asked if she would be able to identify the youth she said that she would. Isaac, who was sitting at another table from Smith and Stewart, was brought up in front of the witness. She said that he was the young man who had taken the money.

Isaac was arrested after the robbery near Monaca, Beaver county, while he was attempting to get away. He implicated Smith and Stewart, the two defendants now on trial, in the robbery and they were arrested.

CASING No. 92624451 (6.50-20 6-ply Silvertown)

Taken from stock January, 1929. Placed on Silver Fleet . . . Driven 29,764 miles without leaving rim. Transferred to the 1930 Silver Fleet. This actual photograph shows exact condition of tire when retired from service. Total mileage, 47,892. Blow-outs, none. Carcass breaks, none. Reason for removal, two nails embedded in tread.

Worn Out... at last! after 47,892 miles

THERE it is, in the picture up above. Through! Worn out! Ready for the scrap heap! That Silvertown we showed you in one of our advertisements a while ago.

It traveled 30,000 miles with last year's Silver Fleet. Made the entire tour through 46 states without ever coming off the rim. Transferred to the 1930 Goodrich Silver Fleet... and punished for 17,892 more miles.

Now it's through . . . with a service record of 47,892 miles

Proud? Naturally we're proud of it! Because we sell tires like that. Tires capable of giving unheard-of mileage.

There's nothing special about this Silvertown. Nothing out of the usual run. It came straight from stock for its grueling trip with the Silver Fleet. And it received no care . . . no attention . . . you can't give your tires.

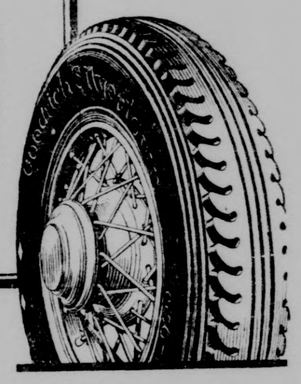

That's why we're sure of ourselves when we say you can get mileage like this from Silvertowns. They've proved they have the stuff. Proved they can beat all comers in open competition.

Come in and see our Silvertowns. Blood brothers to this veteran of the roads. They never were expensive . . . and now, mile for mile, they're the cheapest tire you can buy. Yes, we have your size waiting for you.

Brown's Attorneys Will Argue Ballots In Luzerne Illegal

County Commissioners Refuse To Discard Ballots; May Go To Supreme Court

(International News Service)

WILKES-BARRE, Pa., June 19.—Saturday morning at 10 o'clock the question of the validity of perforations in the primary ballots used in 374 Luzerne county precincts will be before the county court again as attorneys for Frances Shunk Brown continued their efforts to have the ballots declared illegal. Brown, apparently defeated in the primary election for the gubernatorial nomination can wrest the nomination from Gifford Pinchot, should the Luzerne ballots be thrown out.

The court yesterday set Saturday morning as the time for hearing the appeal of the Brown forces from the computation of the county commissioners, protested yesterday. The county commissioners, because the court en banc already had ruled the perforations legal, refused to discard the paper ballots. The action of the Brown attorneys in going again to the court paves the way for an appeal to the supreme court, when the court, if it does, again rules the perforations legal.

Morrow's Plurality Reaches 300,000 Over His Nearest Opponent

Dwight W. Morrow Will Return To Mexico City To Wind Up Diplomatic Affairs

(International News Service)

NEWARK, N. J., June 19.— Last straggling returns from Tuesday's election in New Jersey today swelled the overwhelming vote by which Dwight W. Morrow won the Republican nomination for the United States senate to more than 250,000 over the combined votes of his opponents. With only 24 scattered precints out of the state's total of 3,304 still missing, Morrow had attained a plurality of almost 300,000 over his leading opponent, Representative Franklin W. Fort.

The vote stood: Morrow 417,058; Fort 117,439; former Senator Frelinghuysen, 47,780.

Ambassador Morrow expects to depart next week for Mexico City where he will spend two months winding up his diplomatic work.

Still, the cost of entering the Senate doesn't seem so great when you reflect on the sum four aces can collect in that society.

Skin Like Ivory!
Now, a New Kind of Facial Creme Brings Amazing New Results, or Your Money Back

Whitens Your Skin | Smooths Out Lines | Banishes Freckles | Reduces Pores

Skin like ivory! No freckles . . . no blackheads . . . no more fine lines . . . cleared of every tiny imperfection and smoothed to flawless texture . . . soft, supple, creamy-white! Do you want such superb skin beauty? Then try one jar of this new-type facial creme.

Gervaise Graham Beauty Secret
The New, Six-fold Facial Creme

Not a cold cream . . . not a bleach cream . . . not a skin food, you may expect this six-fold creme to surpass them all. In Beauty Secret I have succeeded in blending the best beauty helps ever known . . . and I have multiplied their benefits. Now expect new things from your facial creme!

Complete Skin Treatment

Gervaise Graham Beauty Secret has the power to whiten the skin a new safe way, and nothing is more fascinatingly beautiful than a milky-white complexion. This is but one of its benefits. Freckles steadily fade out. Blackheads dissolve completely. Another amazing tendency of Beauty Secret is to reduce coarse pores to smoothest, finest texture. Beauty Secret not only cleanses the skin completely . . . it stimulates, tones, firms. Tonic oils impart to the skin a supple elasticity which in the greatest degree smooths out fine lines and crow's feet. Now, for the first time, a complete skin treatment in one facial creme. Now results that you can really see!

Positive Guarantee

I guarantee Beauty Secret, or refund money. Use it as you would any face creme for one or two weeks. Then if you are not simply delighted, your money will be refunded for the asking.

HOUSEWIFELY WISDOM

Some Problems of Interest to Women

Yoke and Cuffs for a Nightgown and Three Useful Insertion Designs

People who crochet seem to delight in making yokes, and new designs are always in demand. Designs Nos. 1, 2, 3 and 4 when combined make the prettiest nightie. The two long narrow designs at the upper right and left are odd insertion patterns that are nice for the kiddie's undergarments. This yoke is made in sections. No. 1 is the back, No. 2 is the front, No. 3 is the shoulderstrap and No. 4 is the edging for the sleeves. If you want to make a yoke for a medium-size grown person select cotton that will crochet nine or ten blocks to the inch. Begin with section 1 and crochet back and forth until it is finished, then end off the thread. The next sep is to crochet section 2. Begin this part of the work at the lower row of the panel and crochet back and forth until it is finished—then do not end off the thread. Use design No. 3 in the place indicated by dotted lines. In other words, crochet design No. 3 to design No. 2 at the proper place to form shoulder straps. Crochet back and forth until the strap is the desired length, then end off the thread and attach it to section 1 by neat little stitches. Then go back to the opposite side and in the same manner crochet the other shoulder strap and the yoke will then be finished. Add a picot edge or a narrow insertion of some variety if you wish. If the yoke is used on a night gown and you like sleeves, use the edging (No. 4) on the bottom.

FOR CAKE LOVERS

Lady Baltimore Cake.

Take two squares chocolate, two egg yolks, half a cup milk. Put on stove and stir until creamy, then add: one tablespoon butter, one cup sugar, half a cup milk, one teaspoon soda (level) one and a half cups of flour. Mix together and bake in layer tins.

Filling—Two cups sugar, enough boiling water to moisten. Cook until it threads, then add the beaten white of the eggs, one cup chopped raisins, vanilla.

Hickory Nut Cake.

Take one cup sugar, half a cup butter, one half cup milk, two cups flour, one teaspoon cream tartar, half teaspoon soda, one of flavoring, cup nut meats, one cup raisins, two eggs. Beat butter and sugar first; then add yolks and whites of the eggs, beaten separately. Bake in moderate oven in deep pan.

Gold Cake.

Take half a cup butter, one cup sugar, yolks of six eggs, two cups flour, one-fourth teaspoon salt, a heaping teaspoon baking powder, the juice and grated rind of one orange. Mix dry ingredients, cream the sugar and butter; add the well-beaten yolks of the eggs; arrange juice and rind and flour; bake in a shallow pan in a moderate oven.

Angel Cake.

Whites of 8 eggs, one teaspoon cream tartar, one cup sugar, three-fourths cup flour, one-fourth teaspoon salt, three-fourths teaspoon vanilla. Beat whites of eggs until frothy. Add cream of tartar and continue beating until eggs are stiff, then add sugar gradually. Fold in flour mixed with salt and sifted four times and add vanilla. Bake 45 to 50 minutes in an unbuttered angel cake pan. After cake has risen and begins to brown cover with a buttered paper.

Spice Cake.

Take a half cup of lard, a cup of sugar, one egg, one cup sour milk, half a cup molasses, one cup raisins, one teaspoon cinnamon, one-fourth teaspoon soda, one teaspoon baking powder, one teaspoon salt, one teaspoon nutmeg, one teaspoon cloves, one teaspoon allspice, two and a half cups flour. Cream sugar and lard, add egg well beaten, sour milk, molasses, raisins, spices, salt and soda with the flour. Bake slowly in a moderate oven.

There Is Always Room at the Top for the Competent Stenographer

PRACTICALLY one-third of the girls in the high schools today are taking the commercial course. And a worth-while place awaits every one of them who understands her business. But it becomes obvious at once that in order to get anywhere along this line she must be thoroughly and completely trained. Not only must she be efficient in the mechanics of her work, but she must have a comprehensive knowledge of the foundation of the English language.

A stenographer may be able to take dictation at the rate of 125 words a minute, but if she can transcribe but a part of her notes, if she can spell only a small portion of the unusual words, if she is faulty in diction and careless in construction, she is of little use to her employer. The ability to write 150 words a minute on her machine will be worth far less in ordinary business routine than neat, correct and legible copy.

The business world is full of stenographers and typists earning from $12 to $15 a week and turning their employers old and gray-haired before their time. They are indifferent to the future, which assuredly holds nothing for them, and they shun either responsibility or growth. Girls who do not know what it is to write an out-of-the-ordinary letter through without a mistake in spelling or in punctuation, and who constantly erase or interline, have the effrontery to complain about the slender pay envelopes.

The Private Secretary.

And meanwhile employers are begging for the girl who is capable of making good. They are looking for a stenographer on whom they can depend and in whom they can place trust and confidence that will not be ignored. A stenographer really interested in the business of her employer becomes one of his most valued employes. She is close to the heart of things, and no employer is ever slow in realizing her worth. An efficient stenographer may easily get $25 a week, and $35 is not at all unusual. From this, as she more and more assumes the duties and responsibilities of the private secretary, she receives from $50 in the everyday business world to many imes that for the big enterprises and industries.

And we must remember that this requires no special college training or degree, but only conscientious effort and ability.

The Public Stenographer.

Many girls find it desirable, after some years in the employ of others, to adventure "on their own" and become public stenographers, where they are their own mistresses and demand solely upon themselves. This is not a step for the girl fresh from school to contemplate, since a sense of responsibility and a personal poise are obligatory. These, except in extremely unusual instances, are not to be found in the very young girl, or in the one without experience.

As a public stenographer one gets experience in all branches of work and becomes acquainted with all forms of business. For this reason it will be found an immense advantage to the girl who wishes to become a public stenographer to do substitute work for perhaps an entire season. By registering at one of the typewriter exchanges she will be sent out as a substitute for girls going on vacations, or who are ill, and in this way she comes to know and will be able to cope with the different terms of each line of work. Every business has its technical phraseology, and the man who brings his letters to a public stenographer expects her to understand and be able to phrase them correctly, no matter how strange they may sound to her."

Speed Essential.

A hotel is the best possible location, for the reason that there is always a demand for stenographic service by the traveling public, which gives a girl a good income from the very start and by close attention to work, and courteous and considerate treatment of patrons, the possibilities in a hotel stand are practically unlimited.

The expert public stenographer seldom takes notes. Instead she types her letters as they are dictated, and the girl who must stop to look in the dictionary every few minutes won't be likely to have her customer a second time. Public stenographers are patronized to a very great extent by men who are in a hurry. Frequently they are men from another city, who may have but a short time to catch a train; always they are men who are paying for the time used, and who expect it to be used to advantage.

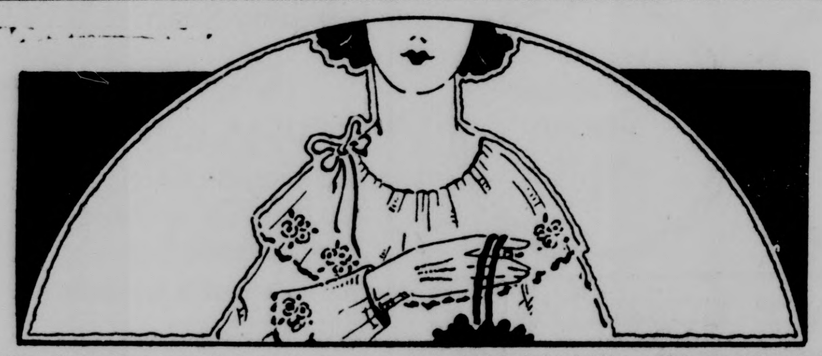

A public stenographer who is ambitious is quite likely to overlook herself, and she is in grave danger of going far beyond her strength.

Vanilla Wavers.

One cup sugar, two-thirds cup butter, four tablespoons milk, one egg, one teaspoon scream tartar, half teaspoon soda. Mix soda and cream of tartar with flour. Flavor with vanilla. Mix stiff with flour and roll out thin.

Hothouse flowers will stay fresh longer than usual by putting a few slices of white soap in the water.

Use hot water and a whisk broom for sprinkling clothes.

Now that collars are "in" again, one sees many delightfully frilly novelties in collar and cuff sets. This set is embroidered, and features the bertha collar with the shoulder tie

Topping Off Her Evening Costume With a Smart Bandeau

BRILLIANT and stunning indeed are the headdresses and bandeaux displayed among the ribbons in the various stores. Gold and silver ribbons decorated with flowers of bright color. Silver beads, a bit of chiffon and velvet bands of turquoise blue another. A cloth-of-gold headdress has a flower motif outlined with pearls.

For a Dark-Haired Beauty.

Another has a net foundation to which bright red silk flowers and green silk leaves are sewn.

A turban head-band of silver requires 25 inches of seven-inch ribbon, with a yard of rhinestone trimming for the bowknot.

A head-dress of gold ribbon, three-quarters of a yard long and four inches wide, adopts brown velvet petals as a contrast. You will need one yard of one-inch velvet ribbon for the petals. In the center is a motif embroidered in French knots in brown and orange.

Folded silver ribbon makes a classic laurel wreath with side rosettes. Two and one-half yards of three-quarter inch ribbon will be needed. Loops are sewn on a ribbon band.

Atop a Bob.

For bobbed locks there is a lovely band made of two and a half yards of three-quarter inch ribbon.

Shirred ribbons are also used for bandeaux. These are decorated with ribbon flowers of a contrasting color. This band requires 27 inches of two-inch ribbon with four inches of one-half-inch ribbon.

A stunning bandeau is made of one and one-half-inch ribbon, a yard in length. It also requires two yards of three-eighth-inch metallic ombre ribbon for flowers and five inches of one-half inch for each leaf.

Exquisite soft ribbon three inches wide and 30 inches long is braided to form a becoming bandeau

A silver ribbon one yard long and one-half inch wide uses dainty wheels of green metallis ombre ribbon with silver flowers. Eight inches and six inches of one-half inch ribbon make each wheel and flower, respectively.

Pleats Again.

Gold ribbon makes another charming bandeau. It requires two and one-half yards of one-half inch gold ribbon. For pleated wheel decoration which is in the center front, one yard of one-inch ribbon and for the flowers in center one and one-half yards one-half inch wide.

Two yards of one-half inch silver ribbon twisted tightly falls naturally into swirls arranged over a rose-colored band three-quarters of an inch in width.

The last word in dainty charm are these fascinating headdresses, and there is no end to the variety that an ingenious young miss may devise.

Max Schmeling Given Title By Boxing Board

Herr Max Schmeling Becomes Heavyweight Champion Of World By Award Today

BEAT SHARKEY ON FOUL BLOW

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, June 19—Max Schmeling was awarded the official crown of world's heavyweight champion by the New York Boxing Commission today.

Thus the German boxer rises to the topnotch position in the world of pugilism through winning his recent battle with Jack Sharkey on a foul.

The decision of the three commissioners was not unanimous, however, as William Muldoon made two dissenting motions in connection with the award.

And after it became boxing law, Muldoon reiterated:

"I am not in favor of it."

May Fight Again

James A. Farley, chairman of the commission, attached a suggestion to the award, interpreted as more in the nature of an edict than a suggestion.

Farley said that Schmeling and Sharkey should confer with the Madison Square Garden authorities regarding another meeting in the ring before the season closed.

"That is the only way that the public will accept Schmeling as a real champion," said Farley.

Sharkey, through his representative, sent word to the commission that he would be willing to fight Schmeling again for the championship and was content to take only a 12 1-2 per cent cut of the gate.

50-Year-Old Apple Is In Good Condition

(International News Service)

PORTLAND, Ore., June 19—An apple 50 years old and still in good state of preservation is to be found on the mantlepiece of the T. E. Zieber home here. It has been preserved in cloves and is believed to be of the Gloria Mundi variety.

Cloves were stuck in the apple like pins until the entire surface was covered

Not Missing From Assembly Since 1881

National Farm Outlook

By ARTHUR H. JENKINS
Editor, The Farm Journal
Written for Central Press

A very large proportion of all farm products moves to market over the railroads, and the question of freight rates is still a vital one to agriculture—although much less so than it used to be.

And freight rates, as it happens, are in a mess that is every month getting worse.

* * *

It was bad enough when the supreme court upset all the rules the interstate commerce commission had made for putting a value on railroad property, in its decision in the O'Fallon case a year ago.

It is still worse now that the same court has taken a look at the famous Hoch-Smith resolution, and has decided that the resolution doesn't mean anything, and that what it was supposed to mean is wrong.

Farming has a direct interest in that. For it was principally for the benefit of farmers that congress passed the resolution in January, 1925.

"In view of the existing depression in agriculture," they said, "the commission is hereby directed to effect such lawful changes in the rate structure of the country as will promote the freedom of movement of the products of agriculture, at the lowest possible lawful rates compatible with the maintenance of adequate transportation service."

* * *

In other words, the I. C. C. was directed to squeeze down the freight rates on farm stuff as far as it could, and presumably to jack up the rates on other merchandise, since after all the railroads must live.

The decision of the supreme court—which by the was was unanimous—makes short work of this idea. The court points out that the whole question is, what are the "lawful changes" and "lawful rates" referred to in the resolution?

They can be only the "just and reasonable" rates specified in the general railroad rate law under which the I. C. C. operates. And what that law says is that "it shall be unlawful . . . to make or give any undue or unreasonable preference or advantage to any particular person . . . locality, or any particular description of traffic."

* * *

So there you are. The Hoch-Smith resolution said you should give agriculture whatever lower rates are possible under the law, and the transportation act says that you can't lawfully give them any lower rates at all.

* * *

Of course, it is a question, anyway, whether a farmer could benefit much by lower freight rates on what he sells, if he would have to pay higher freight rates on what he buys. Theoretically he ought to benefit a little.

But whether he could or not, we are going to find out. If congress still wants the idea tried, it will have to pass a different kind of law, and maybe an amendment to the constitution besides.

Marriage Ratio In State Stays At Low Figures

Despite Increase, Ratio To Unmarried Population Below Pre-War Figure

HARRISBURG, June 19.—Although marriages in Pennsylvania last year were 3000 more numerous than in 1928, the ratio of marriages to the unmarried population in the State continues well below the pre-war rate, the bureau of Vital Statistics has announced.

The number of marriages in the State last year was 70,507. That is equivalent to a rate of 14.2 persons married for every 1000 population. The number of weddings and the rate are higher than 1828, but slightly lower than 1927.

Interesting fluctuations in the marriage rate in the past quarter century are outlined by the bureau in its bulletin. The rush to the altar at beginning of the World War set a new high marriage rate, which was exceeded by a wave of post-war marriages after soldiers returned from the Army. Since 1920, however, the post-war marriage record has not been equalled, the bureau reports.

"Marriage rates respond to changing economic conditions very rapidly," the bulletin says. "Those conditions have been less favorable to marriage since 1920 than they were before, partly because of the commercial depressions of 1921, 1924 and 1927, the higher standard of living and ithe increased supply of female labor."

With exception of the highly emotional period surrounding the World War, the bureau's bulletin shows a close connection between economic conditions and the number of marriages. Following the panic of 1907, the marriage rate dropped to 14.6 in 1908 and 15.2 in 1909. Those were the lowest rates recorded at the time, but would not be considered low to-day. Following another depression in 1913, the rate slumped slightly in 1914, but from 1914 to 1917, while Europe was engaged in the World War and wages were high here, the marriage rate rose from 16.6 to 18.2.

Mountain Snow Fifty Inches Deep

Today's Market Shows Recovery

Substantial Buying Demand Flows Into Wall Street Sending Stocks Upward

By W. S. COUSINS
International News Service
Financial Editor

NEW YORK, June 19.—The stock market recovered its composure today as substantial buying demand from all sections of the country flowed into Wall Street for the stocks that have been bearing the brunt of hysterical selling in the last few days.

With the drying up of these sources of liquidation, the volume of trading fell off 50 per cent, transactions at noon today totalling 1,651,000 shares against 3,315,000 in the same period yesterday. The tape was abreast of the market at that time and stocks were moving upward all along the line.

American Can, at the head of the popular industrials, rallied to 120, compared with yesterday's close at 115 1-4; Consolidated Gas worked itself back to 108 1-4 for a gain of 3 1-4; Case rallied 8 points; Auburn Auto 8; United Aircraft jumped about 5 points at 51; Vanadium Steel rallied 6 points to 76; Westinghouse rose 5; Electric Power and Light 6; New York Central 3. Motors lagged.

Restoration of confidence in the price level of leading stocks was reflected in heavy short-covering by professionals.

Soviets Arrest Bogus Grand Duchess

(International News Service)

MOSCOW, June 19—A young woman claiming to be Anastasia, daughter of the murdered Czar Nickolas II, and a man claiming to be the son and heir Alexie have been arrested by the GPU, political police, as counter revolutionaries with 34 other members of a holy religious sect. They will be put on trial Voronezh.

Their religious rites are said to have included a prayer thanking the Lord for their miraculous escape, and they are alleged to have carried banners inscribed "God Save the Czar." They had a large follow in the North Caucasus region and received liberal financial support.

The GPU said that the alleged Czarovich was none other than Simon F. Miroschnikov, a non-commissioned officer in the Czar's army who during the civil war served under General Deniken against the Bolsheviks. Anastasia was a former nun of a monastery in Kiev. Her real name is said to be Anna Sazonova. The official GPU communique about the arrests states that both were imposters since all of the Czar's family was executed.

Stephen Hutnick, Jr., of East Clayton street, has been removed from the New Castle Hospital, where he underwent an operation for the removal of his adenoids and tonsils, to his home.

Society Women Herd Range Cattle

(International News Service)

RED BLUFF, Cal., June 19.—Five familiar faces were missing from Red Bluff tea tables and bridge parties recently while their fair owners, all prominent in social activities here, began herding 200 herd of cattle from the Ford and Barker ranch at Paynes Creek over the mountains to the summer range near Mineral.

Mrs. Tod Ford acted as boss cowgirl, her assistants were the Misses Betty, Champlin, Edythe Engelbretsen, Katherine Barker and Marjorie Gardner.

All are expert range riders and had no difficulty in handlink the cattle as well as a crew of men.

GOOD BOOK NEWS

Radical price cutting by book publishers is the best news that has come our way for years. Novels, histories, biographies that have sold from $2.50 up to $10 will be issued in just as good form for less money. Now if we can get over the idea that we must read a new book just because it is new, if we can learn what is worth time and what is not, the publishers will not have acted in vain. Let's hope the main idea is not to sell more books but simply to sell more books that are worth reading. We don't want mass production in book writing and book making. The machine age has put us in mess enough as it is. On the whole it's great news. Nothing could be better for the American public than to increase the reading habit. Next to thinking, reading is the best mental exercise.

THE RIGHT MEDICINE

"I thought you had a pretty tough town until I heard some of your fine preachers and learned about the good work you are doing in Chicago." So wrote a correspondent to Clifford W. Barnes, president of the famous Chicago Sunday Evening club. The greatest preachers, teachers and inpirational leaders in the world have talked on Sunday evening for this organization. It has turned the minds of thousands to the contemplation of life's better aspects. Every town ought to have its Sunday Evening club. Sunday night church services have nearly gone out. But there are plenty of folk who are willing to think seriously about serious things. What they need is a particular opportunity and the right leadership.

UNCLE SAM A JOINER

In 1929 the United States took part in 48 international conferences. According to the state department register, the United States belongs to 22 international commissions. The seas no longer isolate us. What would George Washington say? Did he ever dream that his country would participate to such a degree in the affairs of all the world? And yet, fundamentally, we have followed the advice of Washington. We belong to no "entangling alliances." We are not members of the League of Nations or even the World Court.

HOT DOG

The American automobile and the American digestive system have combined to put the hot dog business into the million dollar class. Indeed, Dr. Klein, assistant secretary of commerce, says roadside restaurants will take 500 million dollars from passing motorists this summer.

Good roads, national restlessness and the fortitude of the United States stomach, have produced a mammoth industry.

City Uses Lots Of Gasoline And Oil

Gasoline and oil used by the city during 1929 cost $6,864.53. The largest payments were to Atlantic Refining, $3,362.49 and Sutton Gasoline, $2,284.37. The third highest was H. F. Hromyak and several others got payments for the balance of the amount. Of the $6,904.53 appropriated only $40 was not used.

Prayer In Congress

The chaplain, Rev. ZeBarney T. Phillips, D. D., offered the following prayer:

Almighty Father, in whose tender keeping are the hearts of Thy children and from whom all thoughts of truth and peace proceed, kindle, we pray Thee, in all men the true love of peace, and guide with Thy pure wisdom those who take counsel for the nations of the earth, especially all who bear rule in our beloved land.

Let humanity triumph over pride and ambition, charity over envy, hatred, and malice, purity and temperance over lust and excess, meekness over passion, that we, with all the brethren of the Son of man, may draw together as one comity of peoples and evermore dwell in the fellowship of Him who is the Prince of Peace, Jesus Christ our Lord. Amen.

McBride Post To Sponsor Picnic At Cascade Park

V. F. W. Posts Of Western Pennsylvania And Eastern Ohio To Be Invited

COMMITTEE NAMED ON ARRANGEMENTS

Coming Affair To Be Largest Event Of Kind In History Of Local Post

Preliminary arrangements were made for a mammoth picnic to be held at Cascade Park on July 30 at Cascade Park, under the auspices of the Harry L. McBride Post, Veterans of Foreign Wars.

Invitations will be issued to all V. F. W. posts in Western Pennsylvania and Eastern Ohio to participate in the events of the day, and a fine program of sports and entertainment will be worked up by the committee.

Frank S. Nessle is general chairman of the picnic committee while Charles E. Allen has been named chairman of the program committee for the day.

Jack La Rue, Senior vice commander of the post presided at the meeting held in the Legion Home Association building last evening in the absence of Commander James A. Bell, who is attending the state encampment at Wilkesbarre.

Reports were received from the committee on cemetery markers and the Veterans memorial plot, progress being reported by both committees.

Leslie Wooley, representative of the McBride Post on the Tri-County committee, gave a report of the recent meeting of the Tri-County committee, and the activities which have been projected by the committee for the future.

The Vets of the district are looking forward to the coming Armistice Day program of the Tri-County district, which will be held in New Castle on November 11.

Auto Accidents Are Reported To Police

Some Damage Is Done In The Collision Of Cars On Streets Of The City

Andy Russo, 221 South Liberty St. according to the report at the police station yesterday, was enroute north on Liberty street at Maple street, when his machine hit the side of a car bearing Pennsylvania license FR996 which was parked at the curb on Liberty street at Maple street. Some damage was done to both machines.

William Burett of Frank avenue, reported that he was enroute north on Ray street at Court street when his machine was in a collision with that of J. Anselmo of 725 Oak street which was enroute south on Ray St. Both machines sustained some damage.

E. P. Taylor of No. 8 Katherine St. reported that he was enroute north on Mill street at Taylor street when a machine bearing Pennsylvania license DP719 parked on South Mill street at Taylor street, pulled out from the curb and the machines came together. Both were damaged.

Oh Boy! What Joy
LIFT CORNS RIGHT OUT
The English Way

Right from England comes the new, better, joyful way to take out corns—root and all.

Callouses go also and you can rub off that hard skin on heels and toes with your hand—the magic treatment.

Ask Eckerd's of New Castle, Inc., or any leading druggist for a package of Radox—put 2 tablespoonfuls in a gallon of hot water—do this for 3 or 4 nights in succession—then lift out the corns.

This joyful exhilarating foot bath is simply great—you'll enjoy every minute of it and your burning, sore, tired, aching feet will feel better than they have for years—ask for Radox and foot comfort will be yours.

JERSEY BLAST REMAINS MYSTERY

Investigation of the explosion in the heart of the business district of Perth Amboy, N. J., which wrecked several buildings and killed two persons, has failed to reveal the cause of the blast. Police believed it to be the result of a bomb or a huge still. Photo shows detectives combing the wreckage for clews.

Partial List Of Books Contained In Both Local And White House Libraries

Would you like to read the new library in the White House?

A home library of 500 books has been presented to the White House, a gift of the American Booksellers to the nation. President Hoover accepted the gift on behalf of the nation April 25, at the White House. The library was selected by a committee appointed for the purpose, and was not chosen for reference but for enjoyment.

Most of these books are in the New Castle free public library. Some are new, some are old, all are worth reading. New Castle residents as well as the Hoover family may enjoy them. The News will print the list in several installments, using only the books that are in the local public library. If you keep this list and the ones that follow you will eventually have a complete list of the White House library.

Here are some of the books contained in both the New Castle and White House libraries:

Austen, Jane—Pride and Prejudice.
Balzac, Honore De—Pere Goriot.
Blackmore, R. D.—Lorna Doone.

GIRL, 12, FINDS HEALTH THROUGH FAMED KONJOLA

Happy Mother Tells How Nervousness Was Ended By Modern Medicine.

MISS LAURA ALICE KLINE

"Konjola will always have a place in my home", said Mrs. Grace Kline, mother of Miss Laura Alice Kline, aged 12, 58 Old Bennett street, Wilkes-Barre. "My daughter was in an extremely nervous condition. She suffered also from kidney trouble. Her rest was disturbed and every morning she was tired and weak. Her appetite was poor and she was in a general rundown condition.

"A friend suggested that Laura try Konjola. We decided to give it to her and in two weeks she was like a different child. It was hard to believe that Konjola could make such a change. Nervousness and kidney trouble are ended. Her appetite is fine and she now enjoys glorious health. We will always praise Konjola."

Although one bottle of Konjola often works wonders, it is recommended that a treatment of from six to eight weeks be taken to obtain the best results.

Konjola is sold by Love and Megown, the Druggists, 204 E. Washington St., this city.

Fresh Air Camp Under The Direction Of The Community Service League To Open Monday

Lighting System, Through Generosity Of Local Individuals, Will Be Installed

ELLWOOD CITY, June 19—The Fresh Air Camp, under the direction of the Community Service League will open Monday, June 23, and possibly 32 boys and girls will attend.

The camp is being cleaned and made ready for the opening day. A lighting system is being installed through the generosity of local individuals, which will greatly add to the comfort of the children.

Miss Ida Cooper, a teacher in the public schools will be supervisor, Miss Marion Brown will be physical education director and Mrs. Katherine Conway will be cook.

The camp is located three miles this side of Portersville and is near Eckard's bridge. Boys and girls between the ages of 6-14, who are underweight and who need outdoor living are admitted.

Lutheran Camp To Open On July 5

ZELIENOPLE, June 19.—The Lutheran camp, sponsored by the Lutheran churches of Pittsburgh will open on the Passavant farm, along the Connoquenessing creek on July 5, this year and will remain open until August 23. The camp is a permanent one, the young people of the Lutheran churches of Pittsburgh coming here each year for their vacation of two weeks or more.

The camp usually open in June, but on account of the cool weather this year, it was decided not to open it until later. It is located in a beautiful spot, and about 75 tents are erected for the use of the campers. Prof. Beinholin will be superintendent of the camp this year, with several helpers. Boys of all ages from the Lutheran churches of the Pittsburgh district will be present the first week, and if the camp is not crowded the campers may remain three weeks. Girls of different ages will be present the following two weeks, and the last two weeks, families of the Pittsburgh churches who are permitted to spend two weeks here.

Services are held each Sunday afternoon, and on Friday evening each week a program is given that the public may attend.

Speaks At Services In Rochester, Pa.

ELLWOOD CITY, June 19.—Rev. Bert Williams of the First Baptist church of this city spoke at the union services held at the First Baptist church in Rochester Wednesday evening. Rev. Williams' subject was "The Tragedy of Pentecost", and he stressed the individual's living according to New Testament standards of Christ. He stated that New Testament holiness is possible only by having New Testament equipment and that the world merits patronage of the church only because of the thrill that the world gets. He said that religion must have a thrill and that this thrill comes through the operation of the Holy Spirit.

Rain Prevents Game Wednesday

Ellwood And Beaver Falls Teams Are Rained Out Last Night

ELLWOOD CITY, June 19.—Rain caused the postponement of a baseball contest last night between Ellwood City and Beaver Falls. The tilt will be played at a later date during the season.

The Ruskovic machine was eager to seek revenge against he Merchants as they have already tasted defeat twice at the hands of the valley aggregation. This aggregation is the strongest in the league and has a string of victories to their credit and no defeats.

Since Ellwood was idle last night due to rain they will look forward to a victory when they clash with Ambridge. The P. P. Cauls have a rather weak crew and have yet to annex a victory. Mundo will probably pitch as Boyle was on duty at the mound for the past two battles.

Emma Farm Camp To Open On June 23

Pittsburgh Veteran Gives His Impressions Of G. A. R. Convention

Pittsburgh, Pa.,
June 17, 1930.

Hon. Fred L. Rentz, President,
The New Castle News,
New Castle, Pa.

Dear Mr. Rentz:—

I read the enclosed report sent at last evening's meeting of our camp of Sons of Union Veterans of the Civil War. I thought you might be interested in reading the same.

Have heard praise from all quarters for the splendid New Castle encampment and for the wonderful reception you and every one concerned in New Castle gave to the Grand Army of the Republic and auxiliaries.

While not having met you, I want to right here emphatically thank you for this superb success.

Grand Army veterans say it was the best encampment ever held.

I wish to compliment you on your splendid newspaper. I think it is ideal as a news sheet. As a printer I admire your type design, large and small heads and body type.

Right here I hope you never start putting out a "pink sheet" as they do here in Pittsburgh. I think it is a color monstrosity like red wall paper in a room of a residence.

You certainly used that great primary requirement of modern business in handling the encampment, viz., cooperation. It certainly pays.

You have found, no doubt, like I have, that you get some pretty good bumps in cooperating but in the end you pull ahead.

I wish yourself, The New Castle News and New Castle the best of prosperity.

Sincerely yours,
WM. C. MARTIN.

The report of the campfire at Cathedral in News of June 12, page 12, is one of the best pieces of newspaper writing and reporting I ever read . I think it deserves recognition in the Pulitzer awards. W. C. M.

Here is the report referred to in the letter:

The 65th annual encampment of the Grand Army of the Republic and Sons of Union Veterans of the Civil War at New Castle, June, 1930.

I went to New Castle on the morning of June 11 via the Harmony route, arriving there at 10:30 a. m. It was a beautiful day. The sky was clear but it was rather warm.

The scenery along this car line that day in the fresh deep green of June of the Connoquenessing valley between Evans City and New Castle was one of the most beautiful sights I have ever seen.

On reaching the outskirts of New Castle there were many flags in front of houses in honor of the encampment downtown. The main part of New Castle was splendidly dressed up for the occasion in flags and bunting. And there were all kinds of signs, large and small, with "Welcome G. A. R." printed on them.

I must say at this point that the city of New Castle did themselves proud in the way they decorated the city for the encampment, in the general smiling welcome and hospitality of its people on the street and everywhere else, and for the enormous amount of work and expense that they put themselves to in entertaining the Grand Army of the Republic and its auxiliaries.

Hon. Fred L. Rentz was the general chairman of the New Castle entertainment committee. He is president and managing editor of The New Castle News. I did not have the pleasure of meeting him, but I certainly take my hat off to him in recognition of the splendid reception he and his committee and all of New Castle citizens gave to the Grand Army of the Republic and auxiliaries.

The city hall was turned over bodily for the use of the Sons of Union Veterans. The officials there and all the police did everything to make you feel at home.

The parade started about 3:30 p. m. It was formed along and adjacent to Jefferson boulevard. The reviewing stand was in front of the American Legion home on this street. The Grand Army veterans were seated there. There were two of them who started to march. They were surrounded by the color guard.

The Daughters of Union Veterans made a great showing in the parade. They had white dresses and capes which were red inside and white outside. There were several hundred of them in line.

The uniformed Sons of Veterans had several well uniformed and well drilled companies in line. They marched in fine style at the head of the parade.

The Spanish war veterans and World war veterans made a fine showing.

Troop A, 103rd cavalry, Lieutenant H. G. Bentrim commanding, with mounted men and pack horses following, was a spic and span division of the parade. They are well drilled and added immensely to the military character of the parade.

There is nothing superior to a troop of well uniformed and well drilled cavalry, the men heads up and horses champing at their bits, in giving distinction to a parade. The boys of Troop F, 103rd cavalry, did this in royal style.

The non-uniformed Sons of Veterans brought up the rear of the line. My guess is there were 150 or 200 of us in line. We formed in fours.

The Meyerdale's Sons of Veterans juvenile fife and drum corps led our division. They have 20 to 30 boys well uniformed and equipped. They played very creditably. They received an ovation all along the route of the parade.

The New Castle News of Thursday, June 12, says:

"Pa Newc (Pa New Castle) has seen a good many organization parades, but never for a city of its size has there been anything to surpass the demonstration made on our streets yesterday."

I say myself that it was a splendid parade. It was well managed and went through in great style. The streets were packed with people.

The G. A. R. elected Charles W Mecannahey of Philadelphia state department commander for the ensuing year. They selected Lancaster for the next encampment.

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, old Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today the same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

Women Attend Butler Institutes

Lawrence County Has Best Representation At W. C. T. U. Institute Wednesday

Lawrence county had the distinction of having the best representation of the five counties in the institute Wednesday at Butler, Pa. when the annual Inter-County conference was held in the First Methodist church in that place.

Clarion, Butler, Beaver, Mercer and Lawrence county are included in the district and Lawrence county had 31 members present. Mrs. D. F. Baird, vice president of Lawrence County represented Miss Margaret S. Walker, president, who was unable to attend.

The afternoon meeting was featured by a playlet, a travesty on "The Wet and Dry Hearing in Washington" which was presented in a clever manner by the women, many parts being taken with the women in the role of dignitaries of congress. The playlet was directed by Miss Linnie Long and the leading role taken by Mrs. Ella George. Mrs. J. B. McClaren and Mrs. J. N. McCandles took part as the judicial committee.

The evening meeting was taken up with speeches and the gold medal contest.

The women attending from New Castle included, Mrs. J. N. McCandless, Mrs. H. E. Marshall, Mrs. D. F. Balph, Mrs. J. B. McClaren, Mrs. T. A. Preston, Mrs. M. D. Allen, Mrs. Ida May Allison, Mrs. F. W. Wehr, Mrs. H. B. Williams, Mrs. C. M. Grace and Mrs. Jennie Forquer.

NEW YORK, June 19.—And now along comes Al. Hamilton, scientific detective, bullet expert and student of ballistics—of course you know what ballistics are—with a novel, naive and nifty theory about the Rothstein murder.

Al says that the late lamented Dean of Dopesters was drawing a short-barrelled revolver from his pocket when someone caught his hand—"grabbed his wrist" is the expression—and redirected the aim of the weapon before it was discharged.

And now, if the Worthy Brother will just go a little further and tell us exactly who it was that "grabbed" the Rothstein wrist, we'll cut for a new deal and go on with the game.

GENIUS.

Who do you think bumped into town the other day from aboard, lookin' fit as a fiddle? None other than your old college chum Aimee Semple McPherson Disappearing Female Divine of Angelus Temple. Three months ago when she started out with 167 Four-Square Pilgrims, headed for the Holy Land, Aimee's hair was a flaming red. Today it's a bright yellow and her complexion has been keyed up half an octave or so, to comport with the rejuvenated tresses.

The Holy Land saddens some Pilgrims; but not Sister McPherson. She's the same blithe, buoyant and bouncing Christian she always was. Aimee has a way with her. In the matter of religion she has figured out the divine point on the circumference at which to stop being serious and smile.

HIGH BROW

Among the inteligensia in New York, today, the big thing is Being The First To Say It. It doesn't make any difference whether what you say is true or false. So long as it's tawdrily clever and sufficiently camouflaged to apear original, you're safe.

Some High Brow over on Park avenoe the other got th jump on th mob "discovring" that it's an indication of a dumbell mind to be amused, or even mildly interested at the verbal circumlocutions of Amos 'n' Andy.

Several days later a college professor broke into a rash of printers ink, bemoaning the fact that his youthful charges were devotees of The Toothpaste Comedians. The Doc's kick is that the Amos 'n' Andy influence is detrimental to the Younger Set's clear, sparkling flow of pure language.

It's terrible thing to reach a point in sophistication where you can't sit back and enjoy a thing without worrying whether or not it's orthodox.

That's the trouble with New York today. That's why, taken by and large, it gives the rest of the country in the place where a pain is most inconvenient. New York Will insist upon regarding the conventional as the infallible.

The Bulgy Browed member of the faculty may be eminently correct. Amos 'n' Andy may exert a negative influence on elegent diction. The Park Avenoo High Brow may be flirting with truth when he says that the lads of The Fresh Air Taxicab Company of America, Incorporated, earn a gain only from the dumbell.

A PAT ON THE BACK.

A certain Wall Street man who has squandered millions of dollars in triumphs and disasters in our tricky law courts, recently encountered a situation that he realized eventually would lead him again into litigation.

He spent several days in the Public Library pawing diligently through musty law tomes and making copious notes. Then he hied him to a modest-priced Blackstone Brother, hardly clever enough to out-think him, and not sufficiently ambitious to sell him out.

"Now, here's the law on this little matter of mine," said the Wall Street man. "It's the same law that my opponent will encounter. He and his lawyer, of course, will interpret it in their way. You and I will interpret it in ours. What I want to get from you is this: How much of a fee will you charge me to prejudice The Judge in my favor?"

The price was set, the job done and the Wall Street man today says to his friends at the club:

"Gentlemen, if I'd only had sense enough to specialize in the law, when I was a young man I'd probably be Chief Justice of the United States Supreme Court Legal procedure is merely a matter of vibrations, mixed with a little imagination!"

Season your Vegetables while Cooking *with a dash of* Sugar

The combination of sugar and salt improves the flavor of fresh or canned vegetables in a most surprising way. It emphasizes the mild taste of spinach; mellows the tartness of tomatoes; blends deliciously with the flavor of peas, carrots, string beans, corn, onions, cabbage and other vegetables.

Vegetables, however, are not the only class of essential foods which can be improved by this seasoning. Many cooks keep a mixture of sugar and salt within reach for use in meat stews, pot-roasts and salad dressings. Some prefer a mixture that contains equal parts of sugar and salt, but suit your taste.

Doctors and dietitians recommend the use of sugar in flavoring and seasoning, because it encourages the consumption of foods rich in vitamins, minerals and roughage. Good food promotes good health. The Sugar Institute.

Gives History Of The "Little Bronze Button"

John A. Magee Of Volant Recalls Order Establishing National Badge

Says G. A. R. Button Was Adopted At National Encampment Of Order In 1870

J. A. Magee of Volant, member of the Roundheads of Civil war fame, submits the following history of the "Little Bronze Button" which he had intended to give at the reunion of the Roundheads here last week, but was prevented because of the curtailment of the program.

The article follows:

"You are all aware that General John A. Logan of the state of Illinois was the author of the Grand Army of the Republic and also the founder of Memorial Day and memorial services in the war of 1861-65.

"General Logan rose from the commission of captain to be a major general at the close of the war, after which he returned to his home in Illinois. Seeing so many of his comrades wounded in the many battles and disabled so as to prevent their earning a living, he called his comrades together and organized an association to care for them and their widows and orphans.

"They organized a post in their home town and the idea became so popular that they kept on until they had the whole country organized. By the end of 1866, organizations had been established from Maine to California and in 1867 they held their first national encampment, naming the organization the Grand Army of the Republic.

"In 1868 they held their second encampment and formed a permanent organization, adopting a constitution and by-laws which were very radical No one was permitted to join this order who did not hold an honorable discharge from the war department.

"In 1869, at the third encampment, they appointed a committee to adopt a permanent national badge and report at the next encampment. In 1870 they thus met at Washington D. C., and organized their committee on the national badge, which was reported by the inspecter general in accordance with a resolution passed at the last encampment. 'We the committee do hereby submit the following design, described as follows:

"The badge shall be of bronze, made from brass cannons captured in different and decisive battles fought during the late Rebellion and in form, the individual badge the size of a button. The national badge in the form of a five-pointed star, representative of the five years and divisions of the army of the United States. The first point represents the infantry, whose insignia is the bugle; the second point represents the cavalry, their insignia being crossed swords; the third point represents the artillery, whose insignia is the crossed cannos; the fourth point represents the Marines, whose insignia is crossed muskets, and the fifth point represents the sailors, whose insignia is the anchor.

"The obverse in the center of the badge is the figure of the Goddess of Liberty, representing loyalty. On either side is a soldier and sailor, clasping hands, representing the fraternity and two little children receiving benedictions and assurance of protection from the comrades, representing charity. On each side of the group is the national flag and eagle representing freedom and the axe and bundle of rods representing union Over the central group are the words Grand Army of the Republic, and under the words, the figures 1861-Veterans-1866, commemorating the beginning and close of the war, and the date of the organization of this order.

"The obverse side has 24 stars representing the 24 corps as the Union army was organized at the time of the armistice

"The reverse side represents a branch of laurel; the crown and reward of the brave. In each point of the star, the national shield in the center, surrounded by a group of corps badges, each linked together, showing that they are united and will guard and protect. The shield of the nation around the center is a circle of stars, representing the state of Union and the departments composing the Grand Army of the Republic.

"Every object that I mention is stamped on the big star national badge, and all except the national badge and the 24-badge, representing the states, are stamped on the Little Bronze Button's 13 points."

Young People Of Mercer Presbytery To Meet At Harbor

Y. P. C. U. Convention Will Be Held In Harbor U. P. Church On June 24

Plans have been completed and everything is in readiness for the annual Young People's Convention of the Mercer Presbytery United Presbyterian Young People's Christian Union. The date has been set as Tuesday, June 24th and the Harbor U. P. church, New Castle-Youngstown road will act as hosts to the delegates.

There will be an afternoon session beginning at 2 o'clock and an evening session beginning at 7:30. A picnic supper will be served by the Harbor Y. P. C. U. at 6 o'clock. Attorney Leo H. McKay, district attorney of Mercer county will be the principal speaker of the evening session.

Delegates will be in attendance from the Young Peoples Societies of Sharon, Farrell, W. Middlesex, New Wilmington, Shenango, First Mercer, Second Mercer, Lebanon, New Bedford, Eastbrook, Neshannock and Plain Grove.

A feature of the convention will be the awarding of the Lebanon Trophy Cup to the Society having the best all around performance during the past year. Each society in the presbytery is confident of winning the award and a close race is expected to result. The publicity exhibit of the different societies will also be displayed and the best exhibit will be sent to the National Convention at Estes Park, Colorado to represent the presbytery.

The executive committee of the Presbytery consists of President, Elmer Dinsmore, New Castle: first vice president, Tom Garver, Sharon: second vice president, Louise Adams, New Wilmington: 3rd vice president, Harry Reese, Farrell: secretary, Miss Mary Ellen McElhenr, Mercer: treasurer, Miss Helen McCracken, New Castle and secretary of Young People's Work, Rev. Henry Ostermeier of New Bedford.

Brothers Hurt In Crash With Train

CONNELLSVILLE, Pa., June 19.—Two brothers were injured, one seriously, and a third passenger was shaken when the automobile in which they were riding collided with a train on the Washington Run Railroad at Perryopolis.

Michael Whoric, 27, of Vanderbilt, sustained several fractured ribs and severe lacerations and his brother, Stephen, 23, was cut about the arms. Mills Washington, 20, also of Vanderbilt, escaped unhurt.

The train struck the rear of the machine and threw it around, causing the accident.

If a man fails to find out what are his shortcomings it's usually his own fault. There are plenty of people about who'll be glad to tell him.

Tire prices *are* down!

—anyone can afford Goodyears this summer

When rubber goes down, tire prices follow.

Rubber is 'way down now, and tire prices are the lowest they've ever been.

Wise buyers are taking advantage of this situation—reaping the utmost in value.

They're buying Goodyear Tires in greater volume than ever before.

The reasons why Goodyear Tires give utmost value are not hard to state.

In both the two main parts of a tire, Goodyears are definitely superior.

The Goodyear All-Weather Tread is superior in *traction.*

The Goodyear Supertwist Carcass is superior in *vitality* and long life.

If you think these are merely advertising claims demand to see the proof.

Any Goodyear Dealer will be glad to demonstrate the facts.

The facts certainly are: Goodyear Tires *do* give extra value.

That's why *more new motor cars leave the factories on Goodyear Tires than on any other kind!*

That's why *more transcontinental, urban and interurban buses and coaches operate on Goodyear Tires than on any other kind!*

That's why *more truck tonnage is hauled on Goodyear Tires than on any other kind!*

That's why, throughout the world, year after year, *more people ride on Goodyear Tires than on any other kind!*

No mistake about it, this season is the chance of a lifetime to take full advantage of low tire prices and high Goodyear value.

Therefore: *now is the time to get yours!*

Now is the time to get YOURS

Davies And Para Train For Battle

Flyweights Should Please Devotees Of Boxing When They Meet

OTHER BATTLERS KNOWN AS PUNCHERS

Monday night will be a gala affair at the Jolly bowl when Willie Davies, the marvelous Welsh-American of Charleroi, comes here to tackle Routier Para, flyweight champion of Chile in a 10-round bout.

Willie has not boxed here in almost a year and it will be Para's initial battle in this city though he has met such sterling ring characters as Champion Midget Wolgast, Black Bill, Steve Rocco, Willie La Morte, et al.

Davies is accredited with being a marvel on account of his fancy boxing—something which has appealed not only to the male but to the feminist who likes to see steps like those which terpsichorean stars display.

Having battled Wolgast, one of the fastest boys in the world; Rocco, one of the best punchers, and Willie La Morte, who lost recently to Wolgast, the Chilean hopes to give Davies one of his most trying experiences.

They are no bigger than "paperweights", literally speaking, as they are 112-pound boys. They are about 20 years old but in the ring remind one of grasshoppers, as each hops, skips and slides away like quicksilver, some declare.

It is no ordinary bout. In fact it is the same class as is seen in the flyweight capital of the world, which is Toronto, Ont. Next to Toronto comes New Castle, then New York City.

Good to Watch.

These two boys aptly display boxing as boxing really is and those who like to see what boxing actually consists of will probably gather in large numbers when the bell rings.

The semi-final will be a contrast to the main bout as it will find Tom McCafferty of New Castle swinging 'em over with Danny Taylor of Cleveland, who fought Frankie Frey. They weigh 160 pounds and punch like dynamite kicks.

Lefty Arnold will make another appearance. He has won all his fights by knockouts, except two. One of these resulted in his winning the decision and in the other he heard the birdies sing in the top of the bowl. He weighs 143.

Middleweights who swing, miss and hit will open the show. They will be none other than Johnny Freed and Young Jack Kelly, who's right, so the managers say, is Shelly.

Shelly, according to reports, is a boy of wealth who has taken to the boxing game, not so much because of its financial return, but because he likes to box. Freed is rarin' to go and all the boys are training like Trojans.

Schmeling at Fight.

Max Schmeling, newly crowned world's heavyweight champion, will make his first visit to Philadelphia next Monday. Plans for his trip were revealed yesterday by Joe Jacobs, manager of the German.

The European fighter's party will consist of ten persons besides himself and manager. They are going to see the Primo Carnera-George Godfrey ten-round bout at the Phillies ball park, the winner of which Schmeling may be called upon to battle in the ring some day.

The coming of the German who won his crown on a foul when Jack Sharkey hit him low in the fourth round of their New York bout assures the presence of the present and past champion of the heavyweights. One of the first names to be placed on the reservation list was that of Gene Tunney, retired undefeated champion, whom Schmeling succeeds.

Tunney will be a member of Bernard Gimble's party from New York which will include Eddie Rickenbacker, world war flying ace; Charles Francis Coe, author, and Frank Craven, actor.

Fitz was Blacksmith

Jack James, the fancier of bench and handler of fighting dogs (that is when dogs fought in southeastern Ohio and West Pennsylvania, Ohio and New York State) knows Longfellow's "Under the Spreading Chestnut tree" so he recited it for some printers a few days ago. However, his version is some what different than that of Longfellow. Jack recites it like this: "Under the Spreading Chestnut tree, Bob Fitzsimmons stands." When some of the printers smiled Jack reminded them that before turning pugilist Fitzsimmons was a village blacksmith. During his travels in America, it was not uncommon for Bob to visit a blacksmith shop and shoe a horse or fix a wagon. And what a fixer he was! He fixed many an opponent with a solar plexus blow.

Left Hook Effective

The left hook has had a big play since the Schmeling-Sharkey fight. It is a blow as old as the Marquis of Queensbury rules. It is effective but unless one delivers it accurately he is apt to foul and the least upward move of the opponent paves the way for the foul. The person who starts a left hook is bent over, hips up and the blow sweeps upward, toward the pit of the stomach. A right to the jaw is the counter and then a right which is quicker may knock out the left hook artist. When the right starts the man rises to his toes and this immediately lifts the pit of his stomach higher which is one reason if the punch is not aimed and timed accurately why a foul is apt to occur. It is safe to say more fouls are caused by inaccurate left hooks than any other blow.

Talking About Fouls

Several months ago Jimmy Dunn fanned on fouls. He took the position that when a fighter wears an aluminum cup he cannot be injured to such an extent he cannot continue fighting. He does admit that after a fighter steps around the ring for a few rounds the cup may chafe and cause a florid appearance but that doesn't necessary mean a foul when a fighter yells foul. There have been championships won on a foul but not so long ago Gene Tunney, retired world's heavyweight champion, is reported to have declared words to the effecrt that titles are not won on fouls. Max Schmeling was adjudged fouled.

Don't Pay Them

That gives him the title, whether or not he is Sharkey's equal. We believe he wore a pneumatic protector Joe Jacobs, manager of Schmeling knew a victory, even on a foul, meant a title worth a million. What would any other manager done? Probably the same as Jacobs. The fans get the worst of it. When a foul occurs the fighters ought to have to fight again for the original admission if the fight goes a certain limit. Baseball games which don't last four and a half innings or one half the legal limit have to be played over and rainchecks are good. The fans pay once. If boxing is ruined the managers and fighters will ruin it and not the fans.

Sharkey Must Battle His Way Back To Bout With Max Schmeling

May Ask Sharkey To Take On Phil Scott Again And Winner Get Schmeling

New York Boxing Commission To Get Together Sometime Today And Give Max Title

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, June 19.—They won't re-play the magnificent encounter between the Herr Schmeling and John Sharkey, the "property" challenger, until such time as either man—or both—gives Philip Scott, of England, the satisfaction his bellicose soul desires. The Herr Schmeling must recognize the obligation of a 1929 contract so onerous that he apparently was undecided whether he ought to change his name or leave the country. He left the country. Sharkey must show cause why he shouldn't be held accountable for the insipid finish of the Scott fight in Miami last winter.

This was the status of the heavyweight situation as the New York boxing commission went into conference today in a belated effort to bring order out of chaos. I am not stating what the boxing commission means to do; merely what it will do, either today or subsequently.

To Be Given Title.

One of its first gestures will see the Herr Schmeling presented with the world's heavyweight championship, the first man ever to attain that distinction while assuming a strictly reclining posture. This presentation is a formality. He also will be presented, either today or later, with an ultimatum. This is more than a possibility. It is a probability.

In so many words, the ultimatum will state that, if Sharkey doesn't care to prove that Philip Scott is a chump fighter, as alleged, then the Herr Schmeling must assume this responsibility in a fight for the championship itself.

Scott's position at this time is foolproof. Of the two recent contenders for the title, one of them knocked him out with a disputed punch and the other refused to fight him at all, even in the face of official sanction by the commission. In consequence, one or the other of them must discharge a painful duty before they can resume what they appear to regard as a private series.

Scott And Sharkey.

If all parties are willing—and, strangely enough, James Jaw Johnston, the Scott megaphone, is both willing and ready—Scott and Sharkey will play off that Miami business somewhere early next summer, possibly in Chicago, and the winner will get Schmeling for the title in September. Judging by what transpired just before the man was fouled in the fourth round last week, I would say that the winner not only will get the Herr Schmeling but will be allowed to keep him as a trophy or something.

This is only one of several matters that will be discussed today, probably not for publication. There may be something said also about a new foul rule that will permit the alleged victim a period of convalescence lasting fifteen minutes, after which he will be required to resume the fight.

Suppose he says that he is unable to resume the fight? In this case, there is likely to be nothing left to do but to declare him to be no gentleman. Anyhow, I think this idea will be thrown out going down to first base.

Another idea calls for the introduction of a foul guard that is alleged to be infallible. When this device is used, it is said that you can kick a man below the belt without harmful effect. As to that, I am confident that there are a lot of men who can be kicked below the belt with very beneficial effect.

Hornsby Hopes To Get Back In

(International News Service)

CHICAGO, June 19.—Rogers Hornsby, injured second baseman of the Chicago Cubs, was here today to have the cast removed from his fractured ankle.

"I'll be back in there within a month," he said. "The break is healing up."

P. C. Sheffler, of Harrisburg, Pa., a traveling man, had a lot of nice things to say for the Municipal Golf Course yesterday after he had played nine-holes and turned in a card of 45 using nothing but iron clubs. This is a very fine score for iron shots only. Walter "Hub" Hart, the manager of the Muny Course played with Sheffler.

In connection with Sheffler who is a member of the Harrisburg Field Club, he said that of all the new courses that he has played in his travels over the state that New Castle has the finest, and he predicts that in a few years the New Castle Public Links course is going to be one of the best in the state, and one of the most tricky to be found anywhere.

Now that the pairings in the Van Fleet & Eakin tourney have been announced there is a lot of lively interest in the coming event. Starting today and lasting for about three or four weeks the Municipal golfers will vie for the championship of the tourney and also for the valuable prizes that have been offered.

Walter "Hub" Hart said today that the tourney players can arrange with their opponents a suitable time for playing the match. It is to be match play with each hole counting.

Yesterday wasn't exactly a golfing day, but the News Golfing team met the Bell Telephone boys and took one on the chin. It started to rain before the foursomes could finish. At that The News boys did well for the first time and are not discouraged. They would like to arrange another match with the "Wrong Number" boys.

There is still too much noise on the links to make for good golfing. The more quiet it is, the better golf you can play. This has been found true.

"Bill" Nunn and his Field Club gang are getting in a lot of rehearsal these fine days. The Field Club boys, ten strong, invade the Beaver Valley Country Club on June 25 for a match. The New Castle golfers are confident of taking the measure of the Valleyites.

Remember it is not too late to qualify for the tourney at the Muny Course. You have until June 28 to get your scores to Caddy Master Mose Mancine. Tommy Blake is chairman of the tournament committee and is anxious to see the tourney get off on the right foot. He is spending quite a lot of time with the arrangements.

Athletics Drop Cleveland 7 To 2

By COPELAND C. BURG
International News Service Sports Writer

NEW YORK, June 19.—Gone, and probably forgotten too, was the fate today of the Cleveland Indians.

Facing the Philadelphia Athletics in a tilt that would have started the A's on their toboggan out of the American League lead, the Indians were tried and found wanting, dropping into fourth place as they collapsed under an avalanche of Mackmen home runs.

The big sticks of Al Simmons, Jimmy Foxx and Bing Miller formed a lethal climax in the fifth inning as the trio made successive circuit blasts and invited Pitcher Wes Ferrell to the baths. Speed Mahaffey, hurling for the A's, was careful when in trouble and the Indians faded out 7 to 2.

A vicious line drive by Paul Waner in the ninth inning was snapped up by Hughie Crit's speedy mitts for a double play and the Giants defeated Pittsburgh, 4 to 3. Critz was also highly effective with the stick and garnered three of the Giants' 13 clouts.

MUSHBALL LEAGUE

Tonight the Industrial teams go into action again with the following games carded: Radiator Works vs. Lockley Machines at Tin Mill Field. Engineering Works vs. News Printers, Washington Field. Penn-Ohio vs. Shenango Tin, Radiator Field. Bell Telephones vs. Lehigh Cement, Lehigh Field.

The Spencers won a forfeit game from the Richman team last night at Washington Field. The Spencers were leading 7 to 0 in the second inning when Tex Richards, star catcher of the Richman team crashed with Vessella of the Richman team who was playing first base. The players were going after a foul fly when the accident happened. The Richman team did not continue after the two players had crashed.

The Firemen downed the Bankers in a game at the Lehigh Field 10 to 4. The Firemen are playing good ball and are slowly climbing the ladder toward the top of the heap.

Tunney-Schmeling Will Watch Primo Carnera In Action

(International News Service)

PHILADELPHIA, June 19. — While George Godfrey, Philadelphia colored heavyweight, and Primo Carnera, huge Italian, reached the peak of training today for their fight here Monday night, it was announced Max Schmeling would witness the fight.

Schmeling, will positively attend, according to his manager, Joe Jacobs. Gene Tunney of New York, former heavyweight champion, also will watch the battle, which is scheduled for ten rounds at the Phillies ball park.

Tunney will be a member of the party of Barney Gimbel, New York millionaire, whose guests will include Eddie Rickenbacker, world war aviation ace, and Charles Francis Coe, author.

At Chester, Pa., where Godfrey is training, the experts reported the Negro appeared slow and seemed to have lost all his speed and former cunning. Godfrey said he was not training for speed and was building up his strength to match the weight and force of the huge Italian.

Carnera planned a hard workout today.

The Phalanx team of the Mercantile League will hold an important practice session tonight at 6:30 o'clock at the Carnegie Field. All players are asked to report promptly.

Bell Telephone Golfers Victors

Match Game At Municipal Course Yesterday Afternoon Goes To Telephone Team

The Bell Telephone golfers are throwing out their chests today, and if the window is open they may lose several of them by nightfall. Wednesday afternoon at the Municipal Course the "Hello Boys" beat The News golfing team 6 to 2. The News men were victors in but two matches out of the eight played. Wayne Southworth of the Bell team had the best low score of the match with a 43, while Ralph Davis of the same team turned in a good 49 score.

Hickling and Reed were the only News golfers able to take their matches. Reed won his match on the 10th hole in a playoff with Clayton Bannon.

The results—
Bell Telephones 6—News 2.
Southworth 43—Richards 51.
Davis 49—Walther 59.
McGovern 51—Dugan 59.
Gibson 61—Hickling 56.
Bannon 63—Reed 63 tie match.
Porter 59—White 76.
Stitchberry 60—Finch 95.
Gates 65—Burkeholder 76.
Reed-Bannon match tied at end of the nine-holes and Reed won the playoff at the 10th hole.

Larry Johnson Fouls Latzo In Brooklyn Bout

Notables In Prize Fight Ring Will Watch Godfrey And Carnera Battle

(International News Service)

NEW YORK June 19.—Larry Johnson, Negro light heavyweight of Chicago, drew the ire of the New York Boxing Commission today, as a result of his fouling Pete Latzo, Scranton, former world's welterweight titleholder, in their bout in Ebbets field, Brooklyn last night.

The foul came in the sixth session of the feature bout which had attracted 10,000 fans. Latzo had just crawled to his feet after being knocked down by Johnson on what was classed a clean blow but which Latzo claimed was foul, when the negro hit Latzo again and floored him. The second blow, a left hook, was plainly foul, said officials, who then awarded the fight to the Pennsylvania boxer.

At the time of the disqualification Johnson was out ahead, winning the first five rounds easily. Latzo appeared in poor condition and was outboxed throughout.

Giants Defeat Pirates 4 To 3

Critz Sensational Fielding Checks Pirates Rally In Ninth

PITTSBURGH, June 19.—The New York Giants captured the first of their series with the Pirates 4 to 3 yesterday at Forbes Field which made the fourth straight defeat for the Pirates. Hughie Critz quelled a Pittsburgh rally with sensational fielding in the ninth including a dual play. Meine and Walker opened in the box but were relieved. Heving took Walker's place but gave up to Pruett and Spencer took Meine's place.

A total of 23 hits were made, 13 by New York and 10 by Pittsburgh. The Pirates played errorless baseball but New York had two misplays. The Giants won out in the eighth. The box score:

Defendants Absent; Bonds Forfeited

When the case of Joe De Lillio of Ellwood City, was called for trial at court this morning, De Lillio failed to appear. Upon direction of Judge R. L. Hildebrand, Prothonotary R. M. Campbell declared his bail forfeited. The bond, signed by De Lillio and Satarunno Carinci as surety was for $1500. It is claimed that about 60 quarts of beer and 400 gallons of wine were found in possession of De Lillio.

Marcio Pillini, of Ellwood City also charged with possessing liquor failed to appear and his bond was declared forfeited. D. C. Hanzner was on the bond for $1500.

OLYMPIC STADIUM TO BE ENLARGED

Air view shows the Coliseum at Los Angeles where the 1932 Olympic games will be held. The Coliseum's seating capacity will be enlarged for the great games, 15 rows added to the top, increasing the seating capacity to 110,000.

HERE AND THERE IN SPORTS' LAND

The New York Giants have been given a 36 hour option on Myril Hoag, sensational Sacramento outfielder. Lewis Moreing who gave the option yesterday, it is reported, has asked $75,000, for the player.

Bobby Jones got away to a flying start yesterday when he started in quest of the British open golf title. He turned in a score of 70 for the first round of the 72 hole championship test.

Frenchy Belanger the great French-Canadian flyweight after having fought Frankie Genaro came forth with a declaration that he would box Phil Tobias anytime, anyplace and the sooner the better. Ahem!

That sounds as though Mr. Phil will have a pack of trouble on his hands when the date is arranged. Belanger is certainly the goods pugilistically and now the entire subject is up to no other than Tobias.

Here's another foul, this time Larry Johnson turned it in during a bout with Pete Latzo and New York apparently has become the capital of the Foul world. It came in the sixth.

Latzo and he battled viciously for five rounds. Larry sent him down in the sixth and Latzo claimed a foul. The referee wouldn't allow it. He got up and Johnson sent another blow in which was ruled foul.

The MacNab won the royal hunt club cup at yesterday's second session of Royal Ascot week. Lord Glanley's Gold Idol was second and Sir H. Conliffe Owen's Lion Hearted was third. Twenty one ran.

The boys who go for the long shots came through yesterday at Aquduct Park track when Grandma Lapp found her racing legs and annexed the Woodhaven stakes. She paid 10 to 1. Deedie was second and Blind Lane, third.

This evening the trapshooters will go to the New Castle field club traps to turn in some scores. The trapshooting public is welcome. 'Doc' Horner, ex-Ne-Ca-Hi and Pitt grid star will take care of the shooters at 6:30.

CASES BEING HEARD

L. E. Christeley, referee, Workmen's Compensation board, today continued to hold hearings at city hall in cases brought for compensations. The referee heard several cases yesterday.

Struck But Not Seriously Hurt

Walter Magee, 24, Willow Grove, is in New Castle hospital, the result of being struck by an automobile in Liberty street, early this morning.

He was knocked down and taken unconscious to the hospital. Hospital attendants today said his injuries were not serious. State highway patrolmen are investigating the accident. The name of the driver has not been learned.

New Castle Indies Beat Dewberry A. C.

Jimmy DiMuccio Hurls Fine Five-Hit Game As Indies Take Measure Of Dewberrys

With Jimmy DiMuccio pitching a fine game and holding the Dewberry A. C. to five hits, the New Castle Indies hung up another victory last night at the Scotland Lane Field. The game was terminated in the seventh inning when the Dewberry team ran short of balls.

DiMuccio was in trouble the first inning but pulled through with the opponents scoring four runs. The heavy artillery of the Indies started to work in the second inning and scored three runs. Four more in the fourth and two in the fifth gave them a victory. DiMuccio and Jackson hit triples with two men on base ahead of them. Sheldone Venditto and Chill hit timely.

Friday the Indies meet the West Side Indies again. There are a few open dates left on the Indies schedule and games can be had by calling 9061 and asking for Jimmy.

Two Motorcycles Now In Operation

Two of the three motorcycles purchased by council recently have arrived and are being used by city motorcycle officers.

It is expected the third machine will arrive soon.

The two old motorcycles were turned in as part payment on the new machines.

The motorcycle policemen are Criswell, Richards and Augostine and they work eight hour shifts. Each will care for his own machine.

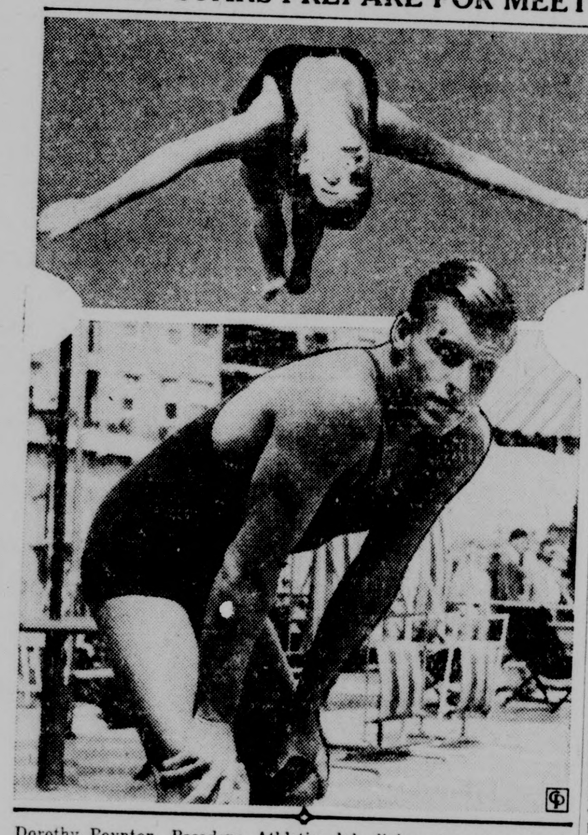

It is anticipated that the motorcycle officers, now that they have well equipped machines with which to work will curb reckless driving, speeding and be able to catch fast automobiles which break automobile laws here.

Tagging Cars In Downtown Alleys

During the past few days a campaign has been made to prevent parking of automobiles in downtown alleys where parking is prohibited. Many persons have received tags. Police are putting the ban in strict effect so that no alley will be blocked should a fire occur and fire apparatus have to travel through the narrow passageways. Several times council has discussed this phase of parking and the policeman is doing his duty in tagging cars. Signs show where parking is prohibited. The city has a municipal parking ground in South Jefferson street.

On Samoa Island there are hotels where guests are catered for free of charge.

WATER STARS PREPARE FOR MEET

Dorothy Poynton, Pasadena Athletic club diving star, above, and Buster Crabbe of Los Angeles, speed swimmer, are two of the coast's entries in the National A. A. U. championships slated for Long Beach, Cal., July 3-6.

Schmeling Flies

With his claim to the world's heavyweight title still clouded, Max Schmeling is snapped at Roosevelt Field, L. I., just before taking off on a flight to Endicott, N. Y., for a short vacation.

NEGRO PAYS FINE FOR HIS ACTIONS

Engene Glass, negro, who was arrested in Oakland yesterday afternoon after an exciting chase by Detective John Young and Officer U. G. Harper, following the breaking of a container filled with moonshine in the Moravia street district, was today assessed a fine of $25 by Mayor William H. Gillespie on a charge of disorderly conduct.

GO TO ROCHESTER

Kiwanians M. L. Wallace, Fred Wolford and L. C. Mantz, the latter secretary of the New Castle club, left this afternoon for Rochester, where tonight they will attend the sessions of the mid-summer conference of the middle western Pennsylvania division of Kiwanis.

The three will represent the New Castle club at the banquet and program tonight.

FROM TEE TO GREEN

By ROY GROVE
Central Press Golf Writer

Cyril Walker, former national open champion and one of the game's greatest exponents of the No. 2 iron commonly known as the mid-iron, appears out of proportion and awkward when executing this shot.

Note Walker's form in getting the iron club away from the ball, and, of course, this is the same picture when he is coming into the shot. From this point, to the top of his backswing and the follow through of the club he is the picture of any good iron player.

Walker's successful iron play is in the take-off and in that take-off he keeps his arms well into the sides and drags the hands low.

Study Walker's body position when he gets half way back with the swing and how the very stiff left arm comes into play. The right hand is rigid and the right elbow is still well into the body.

In the lower picture, in the circle, we see Walker going through with the iron. Note the shoulders in these three illustrations and how they have turned with the stroke.

In the first place, with all of Walker's action, he is well balanced. The feet are solid on the ground, especially the heels and the body is turned at the point (B).

Learn to get this shoulder swing without the use of the club, stick your arms close into your sides and pivot at the hips with the feet flat on the ground, come back and around as far as you can and then turn the other way. Do this until you have acquainted yourself with the body action and then take the club and work the arms through. You will be surprised at the results.

TAKE LEGAL STEPS

The Federal Land Bank of Baltimore, Md., has filed preliminary papers to foreclose a mortgage given by Isaiah J. Wright and Tenze Wright for $2400 on which it is claimed that the payments have not been kept up.

The same bank has issued foreclosure proceedings against F. O. McAnlis, mortgagor, and John and Stella Martin, terre tenants. The amount of the mortgage is $2700.

NEW YORK STOCKS

Thousands Of Shares Bring Higher Prices

(BULLETIN)
(International News Service)

NEW YORK, June 19.—The better demand for stocks which was first in evidence near the close of yesterday's market exhibited itself more prominently in the early trading today, when thousands of shares of the speculative favorites were taken at prices ranging from 1 to 8 points above Wednesday's close. It was the general impression that gloom and pessimism had been considerately over-worked by the bears in the last week or two and that the avenues of hysterical selling had been dried up, for time being at least.

American Can, Westinghouse, Case Threshing, Bethlehem Steel, Electric Power and Light, Consolidated Gas and other favorites led the brisk rally which started the activities of the day, but the motor stocks, with a few of the industrial favorites, were still handicapped by the slowing up of activities along their particular lines. United States Steel failed to make any substantial gain, because of the further decline in operations of the steel mills and the softening of prices for scrap and finished steel.

Moderate rallies were also in order in the commodities markets as well as the bond market. Call money renewal rate went back to 2½ per cent, with funds offered in the outside market at 2 per cent. The tape was only 15 minutes behind the market at noon and the market was steady at close to the opening price levels.

For Informal Wear

The informal afternoon costume may be worn for shopping, motoring or for visits to intimate friends. Such a suit has a gown of slender, one-piece styling, usually with a collarless jacket suggesting the cardigan, or with three-quarter or full length coat. A costume of this character from Lelong's collection is sketched.

Buying Wave Boosts Stocks

Prices Jump In Early Trading In New York Stock Market

WALL STREET IS MORE CHEERFUL

By W. S. COUSINS
International News Service Financial Editor

NEW YORK, June 19—Behind a powerful buying wave, which was well distributed over a wide range of the market favorites, stocks forged ahead brilliantly in the first half-hour today, recovering from 1 to 8 points of yesterday's losses. Buying demand for the active shares, which was first in evidence when stocks were scraping bottom yesterday, accumulated in the form of definite buying orders on the brokers' books and thousands of shares were urgently "wanted" when the opening going sounded today.

Wall street was more cheerful than it has been in a week or more as the opening prices as announced on the tickers showed substantial gains over Wednesday's close. Case threshing jumped 9 points to 183. American Can on the first sale made a jump of nearly 5 points to 119 3-4. Electric Power and Light showed an overnight gain of 5 points at 65.

A block of 10,000 shares of Standard Oil of New Jersey sold at 65 compared with yesterday's final price of 61 3-8. Westinghouse sold up about 5 points, at 137; Gold Dust was up 2 1-2; Fox Film up 2; Radio up 2; American Tobacco up 3 1-2; Eastman Kodak up 6 1-8 and New York Central up 2 3-4.

U. S. Steel opened fractionally lower but forged ahead 2 1-2 points in the first half-hour.

There were indications that the hysterical selling of margin holdings of speculative stocks had run its course, for the time being and that confidence had been restored. Business reports were generally favorable and money loaned at 2 1-2 per cent.

You're the JUDGE

The Decision

The decision:

The court held for the machine shop owner.

The judges reasoned thus:

All you can hold against the owner of the shop is the charge of negligence, if he was. But was he? The bursting of a flywheel is not sufficient proof to warrant that inference.

Plan To Start Intensive Drive For Benefit Game

Plan To Sell At Least Five Thousand Tickets For Mushball Game

GAME SCHEDULED FOR FRIDAY JUNE 27

Plans for the benefit mushball game for the Jameson Memorial Hospital took another step forward Wednesday evening, when a meeting of the committee in charge was held in the assembly room of the P-O building company.

Thus far the ticket sales have been rather slow but this was explained by the fact that no intensive drive has been started. This will start within a few days and the totals will begin to pile up it is thought.

As far as the game itself is concerned, the Boy Scout demonstration, the music and the tumbling acts, these are all arranged for and if the ticket sale goes over as well as these arrangements, the crowd will fill the stadium.

A final meeting will be held next Thursday evening at which time it is hoped to get the total ticket sale accounted for. Tickets are being sold by various individuals and at Hart's and Connery's Sporting Goods stores. There are twenty five cents each and five thousand ticket sales will mean a tidy sum for the hospital.

City Receipts In Year $600,000

Annual Report Shows Various Sources Of Revenue For City

According to the annual report of the city's fiscal year ending January 6, $599,727.94 was collected for general revenue in 1929, as follows: 1928 taxes, $25,173.98; 1929 taxes collected, $553,626.87; tax liens collected, $115.94; mercantile tax collected, $20,358.63, and redemption of property, $452.52 for a total of $599,727.94. Other receipts:

Interest on tax liens, sidewalk claims and interest on deposits, $3,788.70.

Sidewalk claims paid in, $1,360.03.

Pole and wire tax, $2,694.24. Of this amount the P. H. B. & N. C. Street railway paid $1,000 for trackage.

The report shows a collection of $2,618.79 for conduit rental. The conduit is to be sold for $70,000 to the Bell Telephone company if the public service commission approves the deal. The Bell's share of rental was $2,015.24 and the balance of the $2,618.79 was paid by the Postal, W. U. and A. T. & T.

Building rents collected amounted to $5,166.66.

The receipts from the various city departments totalled $17,789.32, of which $15,371.42 came from the mayor's department or police department.

The other department receipts in the $17,789.32 follow:

Health, $1.50; plumbing, $1,131.79; hauling permits, $23.25; milk permits, $28; restaurant permits, $22.50; comfort station, $154.77; engineer's receipts, $587.09; electrician's receipts, $244.50, and building permits, $224.50.

Gasoline licenses net $533.33 and sundry licenses $2,454.24. The city received $2,434.16 from the P. O. Electric and $33.33 from the P. H. B. & N. C. railway.

Aldermen W. E. Marshall, O. H. P. Green and Lee Cooper turned $80 in fees to the treasurer and the muny golf course receipts were $2,322.13.

Miscellaneous receipts amounted to $107,144.97 in which is $5,628.78 from the state treasurer on foreign fire insurance.

MacDonald Smith Plays Good Golf In British Open

MacDonald Smith, New York Pro, Turns In 77 Today For Second Round Play

By F. A. WRAY
International News Service Staff Correspondent

HOYLAKE, Eng., June 19—MacDonald Smith, New York professional and first of the American competitors to complete the second round of play today in the British open golf championship, carded a 77, for a total of 147 for the two rounds.

Yesterday Smith shot a 70, equaling the course record and tieing Bobby Jones of Atlanta and Henry Cotton, English professional for first place. Unless Jones goes badly "off form today Smith's 77 was believed by the "dopesters" to put his total for the two rounds well above the figure Jones should shoot.

His 77, however, was indicative of the higher scores generally which ruled today. Yesterday's heavy thunderstorm and intermittent rain throughout the night had slowed up the greens, some of them to the point of sluggishness.

Jim Barnes, who shot a 71 yesterday, also took 77 strokes to complete today's rounds. The cards:

Mac D. Smith, in 4 3 4 3 5 5 5 4 4-37-77-147

Barnes, in 5 3 4 5 5 6 4 4 4-40-77-148

Mac Smith took 40 strokes to reach the turn, as did Cotton, who followed Smith out.

In the meantime, Horton Smith, Joplin, Mo., had reached the turn in 37.

Among Missing Eight

Scores of boats and airplanes have reached Lake Erie in vain for the eight missing Toledo men whose empty speedboat has been found. Fear has been expressed that the men were kidnaped or murdered by liquor runners. Charles Nauts, internal revenue collector, top, and Franklin B. Jones, former Lucas county election board official, below, are the most prominent of the eight.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

"It died as fast as the Yo-Yo craze" can be added to your stock of similes, for no craze in years came up as fast and disappeared as fast as this business of tossing out a wooden block on a string and have it climb back into your lap. The first day a few of them appeared, and inside of a week the colonel's lady and Judy O'Grady were tossing them.

And then suddenly the craze went out like a light. Nobody wanted to bother with it and now the question before the committee is what to do with the old yo-yo's. You can't eat them, and it takes a lot of them to make a cord of firewood. Suggestions will be received and for the best suggestion a fancy linen nut cracker will be given.

Miniature golf seemed to step into the breach for a minute or two, and now it's riding. Out at the Troop F stables most any afternoon you can see some of the sweet young things of the city learning to ride and that rather halting walk you notice on the street is not caused by corns.

One of the lasses from the office is going out this afternoon and a collection is being taken up to buy a cushion for her.

Just a week tomorrow and the night mushball game for the benefit of the Jameson Memorial hospital will be played at Taggart field. Ducats are priced at four for a dollar, or a quarter each if you want to get a single. The quarter you spend for a ticket to the game will give you an evening's entertainment, keep you out of mischief and be a part of a fund that will help some unfortunate who happens to get a trip to the hospital.

No hospital is self-supporting. It prospers only in proportion to the interest taken in it by the people it serves. If they support it liberally the hospital can do a larger piece of work. If they support it sparingly, the hospital is restricted in its scope.

Hospital supplies cost money, so do equipment and maintenance supplies. What you pay to a hospital, any hospital, for your treatment there, doesn't represent the total cost of that service. Neither does the state appropriation cover the cost of free service rendered. Only by the support of the people in the community served by it does a hospital get anything like an even break.

Jameson Memorial hospital is a modern, efficient institution. When you go in there as a patient you can be very sure that you are going to get intelligent, skilled attention, that you are going to be aided in your fight for life by men and women who know their jobs.

Wouldn't it be a good idea to grab yourself a couple of tickets for the game?

KILLED BY MOTHER'S CAR

ERIE, Pa., June 19.—Running into the driveway of his home to get a baseball bat Wednesday, two-year-old Alfred Wagner dashed into the path of an automobile which his mother was backing out of the garage and was killed.

Mrs. Wagner was preparing to take her other children to school when the accident occurred.

Titans Have Good Record For Year

(Special To The News)

NEW WILMINGTON, Pa., June 19—Westminster College closed its sport year with 26 intercollegiate victories and 14 defeats in the record books, giving the Titans one of the best years in sport history.

The football team, with seven games on the schedule, won three games and lost four. Geneva, Allegheny, and Bethany were defeated; while the Beedemen bowed to Fordham, Grove City, Thiel, and Duquesne.

In basketball, 17 games were won and two lost to give the Titans one of the best records for the district. Double victories over Grove City, Allegheny, and Geneva featured the court schedule; with defeats as Bethany and Duquesne the only setbacks.

The varsity track team won two of its four meets. Allegheny and Duquesne were defeated by comfortable margins, Geneva defeated the Titan runners handily, and Geneva won the conference meet with Westminster second.

Varsity cross country did not fare so well, with four defeats and no victories. The varsity tennis team, although relinquishing the championship crown, won four of its seven matches.

The football team tied for the conference championship with Waynesburg; the basketball team won the conference and the district titles; the track team placed second in the conference; and the tennis team placed second in the conference.

Whitman Escapes Gangsters Fate

Mistaken For Some Intended Victim In Chicago, It Is Believed

(International News Service)

CHICAGO June 19—Elmer J. Whitman, nephew of Charles Comiskey, owner of the White Sox Baseball Club was back in Chicago today none the worse for his experience late yesterday with gangsters who apparently mistook him for one of their enemies.

He was seized at noon as he left a loop building and was released last night eight miles north of Danville, Ill. He reported the kidnapping to the Danville police after walking to that city.

Whitman, employed by his brother-in-law, was making a collection when the kidnapers seized him. As he left the building a car drove up to the curb, while two men approached him on the sidewalk and forced him into the car.

They took $46 from his pockets and then made him lie on the car floor. After hours of riding he was released. It is believed the abductors intended to take an enemy for a ride and picked up Whitman by mistake.

White Has Drafted Rubbish Ordinance

When council meets Friday Councilman Reeves will present an ordinance, prepared by Solicitor White relative to dumping of rubbish here.

The bill provides where and when rubbish, junk and other waste material can be dumped.

Dumping can be made only after a permit has been received and during the hours of 7 a. m. and 6 p. m.

Violation of the ordinance can bring a fine as high as $300, in default of which the violator can be sent to jail for 30 days.

The measure grew out of a complaint that dead and live rats, garbage and other waste material caused a stench in a West North street dump.

He Remembers Horse Race Of Amazing Length, That Was Trotted 38 Years Ago

With the season of horse races and county fairs approaching at a breakneck speed, memories of races of yore come to local horsemen and they find there is plenty of amazing material for reminiscenses on that subject.

Frank Hunter, of 20 N. Cochran Way, a man who has long been greatly interested in every thing having to do with horses, told, the other day, of a race he had witnessed in 1892. This race was unique because of the fact that it was an 11 heat race or—that is to say, 11 miles. No one will deny that that isn't a long distance for horses to race.

This eleven mile race took place a little north of the city of Youngstown in September on what was then the old fairground track. There were eleven starters in the race—all of which were fine bred horses. Before all the heats had been trotted, darkness enveloped the track and the remainder of the heats were trotted the following day.

Ellen Grey, the horse of George Todd, of Youngstown, came from the track the winner. This horse was driven by Charley Cole, of New Castle, a man well known to every horseman. Cole died a number of years ago.

The eleven mile race was difficult to win, according to Frank Hunter, because of the fact that three heats had to be won by one horse, before the race ended.

Fastest time was made in the 7th heat—2:33 3-4, according to Hunter.

Rather strange is the fact that a 10 heat race was trotted at Meadville, just shortly after the Youngstown race. This race took place on a kite track—one of the few tracks of that kind in the United States. A kite track has two stretches of a third of a mile straight-a-way, and one turn. Such tracks never gained popularity, although races could be made in faster speeds.

Those two races can be remembered by every horseman in Lawrence county. Never before nor since have races of such astounding length taken place.

A new grist of eminent doctors of law is being turned out, but what law especially needs just now is enforcement.—The Springfield Mass. Republican.
